

Fox Motorsport Events & Dazmodels have teamed up to bring you The Staffordshire Motorsport Show.

The two stalwarts of Motorsport events have combined to create Ignition Events management.

Bringing over 20 years of events management experience together to give you the ultimate date for the 2025 calendar!

Saturday 31st May brings you our Rally Forum - tales from the silly seat. Where a host of navigators will be bringing you stories to delight & entertain. There will also be live bands & fantastic entertainment. Ensuring it will be a night to remember!

Sunday 1st June is the main event. The Staffordshire Motorsport Show features six live rally Stages.

A whole host of rallying legends through the numerous eras of rallying will not only be on display, but they will be doing what they were built to do.

However, this is the Staffordshire Motorsport Show. It's not just six stages of live rally. The Ignition Events team have gathered together a massive collection of Motorsport vehicles from various disciplines!

That's right, we have RallyCross, Cross-country, Modstocks & Grand Prix Midgets! We even have our very own Oval zone! The Oval Zone will be hosting LIVE heritage Stock car demonstrations throughout the day. We will have our Modstocks running at various times, guaranteeing that if you have an ounce of petrol in your veins, your hair will be standing on end!

I would add all motorsport attending is subject to 2025 fixtures

The Staffordshire Motorsport Show has something for all of the family. From our massive selection of static display vehicles to our trade & food arena. This is going to be the 1st of June that nobody will forget!

Uttoxeter Racecourse has never seen an event of this magnitude. Make sure that you don't miss this not-to-be-missed event. A day of high-octane action; for those old enough to remember the days of the Chatsworth Rally Show, this is the day you will want to mark on the calendar.
