

London artist **Andi Theokle** is an incredibly passionate, enthusiastic voyeur of beauty. At the core of her creativity is the majestic force of nature. Through Andi's eyes, the sky is a stunning explosion of drama and colour and water is nature's mirror, capable of providing theatre and pure serenity. Sentiments such as these are reflected in her work, which focuses on nature, architecture and the human form. To view her works, visit www.anditheokle.com
