About this trip

Three Operas in Munich's Nationaltheater, the main venue of the Bayerische Staatsoper.

All operas focus on intense emotional journeys and human desires.

"Der Rosenkavalier" – a comedic, Viennese romantic tale of love and identity, *"Káťa Kabanová"* – a tragic, emotional struggle against societal repression in rural Russia and *"The Flying Dutchman"* which explores dark, supernatural themes of redemption at sea.

In addition, Munich offers plenty of history and modern culture and no visit is complete without a visit to the lavish **Nymphenburg Palace** to discover the city's royal past.
