# COCONUT OIL

Nature's Purest Moisturiser

For Babies & You

Loloma is a naturally processed pure virgin coconut oil with a light scent. Refined with a highly absorbent texture that leaves your skin nourished & velvety smooth. 100% pure nature with no chemicals, **its coconut oil in its purest form.**

LOVE BY NATURE

## Loloma founder Purnima Singh

Loloma's founders are Purnima & Rajnil Singh. Their company was formed by a mother's plight to soothe her children of uncomfortable eczema. Purnima was daunted by the amount of chemicals and steroids in various pharmaceutical creams, and its irreversible side effects.

They looked towards nature for answers and developed pioneering technology to process virgin coconut oil in a 100% natural and chemical free method that harnesses the pure oil.
