Innovation  
Für Alle

# Kids Contest 2024

## Future workshop

### Be quick!

The first 50 entries will receive 2 tickets for the IFA and the Dinosaurier Museum Altmühltal

What is the most exciting thing the technical world has to offer right now?

Our city 2050

This is what a typical day looks like...

That's school!

Let our clouds inspire you!

A news program with current topics and technical innovations...

Collage of technical development

### Are you ready to change the world?

We are looking for the most creative children between the ages of **9 and including 14** from **Berlin-Brandenburg** and are asking ourselves the following question:

**What could the (technological) future look like in 2050?**

Let off steam and get your creative juices flowing. Create a picture or video alone or in pairs that involves all your brainpower. You are our future and you can help shape it. Be part of a huge contest and show what you're made of.

**Closing date up to and including: 25.08.24**

The winner will be announced at IFA!

Take your chance and shape the future with us. We are looking forward to your fantastic ideas and projects!

2
