

Enlit is **ACTION!**

Your Inclusive Guide to the Energy Transition

In 2022, 'energy' dominated news headlines, consumer engagement skyrocketed and, therefore, our industry was forced to think out of the box to find tech and planet friendly solutions to pressing issues.

At Enlit, our goal was to **#Connect** industries, **#Inspire** action and help Europe **#Evolve** into one decarbonised and digitalised energy system for the energy transition.

Scroll down to see the highlights of 3 impactful days spent at Enlit Europe.

#IAMENLIT

"Thank you for giving me the opportunity to be a speaker in Enlit Europe 2022. It was a great conference. You and your colleagues did a marvelous job! Always look at Enlit Europe as a learning experience for myself and looking forward for next conference."

Azlul Shkib Arslan

ON THE INSPIRE STAGE

"In the light of the events in Europe over the last 10 months, at this year's edition of ENLIT there was a lot of attention for the security of supply and resilience & security of the grid"

**Yvonne Brzesowsky-Ruys
Microsoft**

UNTIL THE VERY LAST DAY... AND BEYOND!

THINK TANK ‘COUNTDOWN TO 2030’

Energy leaders came together in a dynamic mix of industry experts and delegates across the 4Ds to brainstorm a solution to some of the most critical industry challenges. Six energy transition dilemmas were posed to delegates who collaborated in a ‘round table’ set-up, aimed at challenging entrenched positions and accepted norms to develop practical solutions.

"Great experience in contributing to the new format of vision tables Enlit Summit closing session. 'Think Tank' concept to stimulate collaboration across the 4Ds that is action oriented = creating impact"

Natalie Samovich, Resilient Group
