

CGI at a Glance

CGI is one of the world's largest independent providers of IT and business process services. We're familiar with our clients' industries, take a results-oriented approach, and help you boost your return on investments in your business and IT. We leverage our strong client focus to create trust-based relationships, and our industry and technological competencies help you satisfy the needs of your target groups. In a nutshell, we stand for "insights you can act on".

Our approach is what sets us apart:

End-to-End-Services

From business and IT consulting across system integration all the way to outsourcing, we help you define and successfully implement the right digital strategy.

Customized Solutions

We support you with jointly crafted solutions for developing and applying digital strategies and growing your business.

Customer Focus

We're represented in all of Germany's major metropolitan areas. This proximity enables us to establish a deep understanding of your business. In all cases, responsibility rests with a single individual.

CGI Management Foundation

Our guidelines, processes, and models ensure a consistently high level of quality the world over, generating on-time and on-budget results.

Global Network

Our offshore, nearshore, and onshore delivery centers allow us to optimally tailor our services to your needs.

Client Global Insights: our consulting expertise

Our strategic focus is on thoroughly understanding our clients and giving them sound advice. We therefore personally talk to around 1,700 business and IT managers each year, adding up to several thousand interviews over the last five years and generating more than a million data points. The knowledge amassed in this way is made available in the form of CGI Client Global Insights.

Excellent: positive assessments by independent market benchmarks

Awarded the 2021 Global Star of Excellence in the Universal Technology category.

In the 2021 Provider Lens, CGI ranks among the market leaders in Digital Services and Solutions.

High marks for sustainability: globally leading in the IT sector

FTSE4Good

3.5/5 (industry median: 2.2 out of 5). CGI has been included in this index since 2002. It measures the financial performance of companies that meet internationally acknowledged CSR standards.

MEMBER OF
Dow Jones Sustainability Indices

In collaboration with a RobecoSAM brand

CGI received a total score of 57 for its CSR performance, compared to an industry median of 34 out of 100.
