

## ABOUT US

Global Tech Services, LLC (GTS), a Wamar International company, offers a complete array of high quality new and refurbished OEM-Equivalent gas/steam turbine parts for General Electric® and Westinghouse® industrial gas turbines at a competitive price and better delivery times to power industries worldwide. GTS' primary goal is to be your preferred OEM-Equivalent turbine parts supplier, with better quality, reliability and customer service. GTS is a manufacturer's representative and distributor for various electrical, instrumentation and BOP parts. While GTS provides quality parts, our parent company provides a complete array of Operation & Maintenance services, turbine field services including turbine inspections, root cause analysis, long-term parts agreements (LTPA) and long-term turbine service agreements (LTSA).
