

INTRODUCING EN-TRACK

DE-RISKING SUSTAINABLE INVESTMENTS

EN-TRACK CREATES A ONE-STOP-SHOP
PLATFORM WITH STANDARDIZED DATA
RELATED TO THE ENERGY EFFICIENCY
PERFORMANCE OF THE PUBLIC AND PRIVATE
BUILDING STOCK.

This project has received funding from the European Union's Horizon 2020
Research and Innovation program under Grant Agreement No 885395

KNOW **YOUR** BUILDINGS

THE EN-TRACK PLATFORM GIVES YOU EASY-TO-ACCESS DATA OVERVIEW, GATHERING AND STANDARDIZING DATA FROM ENTIRE BUILDING STOCKS IN A ONE-STOP-SHOP. IMPROVE YOUR DECISION-MAKING AND EVALUATION OF BUILDING REFURBISHMENT PROJECTS. KNOWING YOUR BUILDINGS IS KNOWING YOUR INVESTMENTS.

This project has received funding from the European Union's Horizon 2020 Research and Innovation program under Grant Agreement No 885395

ABOUT EN-TRACK

HOW CAN WE **HELP YOU** WITH SUSTAINABLE INVESTMENTS?

Most of the information that is needed to make financing of energy efficiency a mainstream activity already exists. The problem is that it is inaccessible, poorly organized, or simply unlocated.

The EN-TRACK process is designed to make data input simpler, more attractive, and cost-effective, all while making the outputs more valuable by making them compatible with emerging market leader applications such as DEEP, eQuad and EnerInvest.

WITH EN-TRACK YOU GET

Easily accesible standardized data in a one-stop shop platform.

A clear overview of your data to facilitate benchmarking and comparisons.

Access to make informed decisions based on empirical data.
