

## COMPANY PROFILE

Founded  
**2000**

Daily Output  
**4.5 Mil pcs**

Covering Area  
**33,000m<sup>2</sup>**

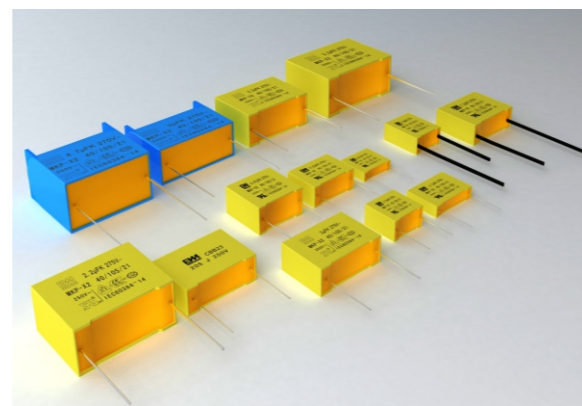

Highly automated factory  
**100,000m<sup>2</sup>**

Employees  
**1,100**

- Specialized in the research, design, manufacturing and sales of Metallized Polypropylene Film Capacitors.
- One of the largest Metallized polypropylene film capacitor manufacturers in China.
- IATF 16949, ISO 45001, ISO 9001 and ISO 14001 systems implemented.

## X2 CAPACITOR SERIES

- Model : MKP-X2
- Function: Interference suppression, Capacitive divider and Spark killer, etc.
- Application: Electrical tool, home appliance, switch model power supply, energy meter, electronic ballast, etc.

## AC CAPACITOR SERIES

- Model : CBB61
- Function: AC motor's starting, running and adjust speed, etc.
- Application: Various kinds of Fan, Extractor hood, Smash Paper Machine, Mahjong machine, Dehumidifier, Heater, etc.

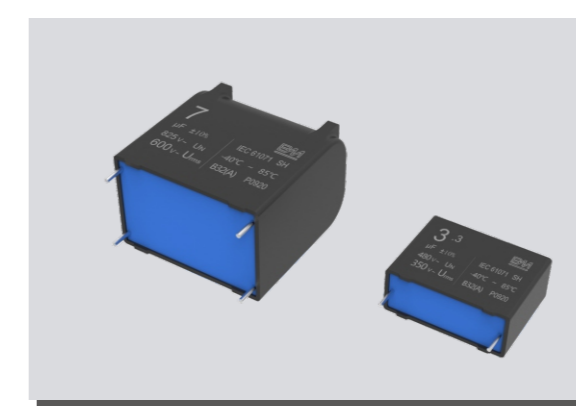

## INDUCTION HEATING CAPACITOR SERIES

- Model: MKP, MKPH
- Function: High voltage resonance, jumper wire interference, smooth filter, etc.
- Application: Industrial heating equipment, Induction cooker and other inductive heating device, etc.

## CBB60 CAPACITOR SERIES

- Model : CBB60
- Function: AC motor's starting, running, etc.
- Application: Washing Machine, Water Pump, Refrigerator, Air Compressor, Smash paper machine, etc.

## AC FILTER CAPACITOR SERIES

- Model: B32
- Function: Widely used for AC filtering and power factor compensation (PFC) for power electronic equipment, power distribution system.
- Application: Solar power inverter, wind power current inverter, frequency inverter, EV/HEV, etc.

## EMI CAPACITOR SERIES

- Model: BX2, BY2, B43, B45
- Function: Interference suppression, Capacitive divider and Spark killer, etc.
- Application: Electrical tool, home appliance, switch model power supply, energy meter, electronic ballast, etc.

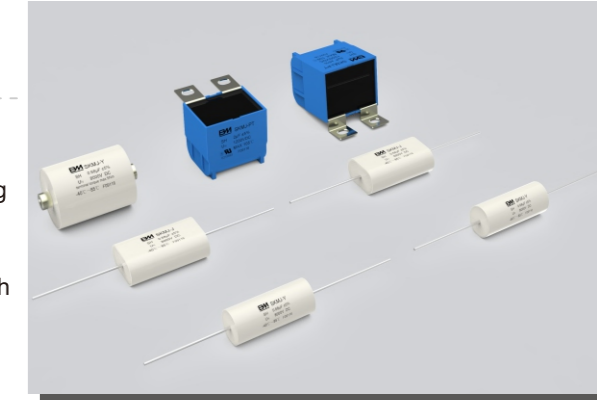

## DC-LINK CAPACITOR SERIES

- Model: B12, B17
- Function: Widely used for DC-link, energy storage and filtering in DC part of power electronic equipment.
- Application: Solar power inverter, wind power current inverter, frequency inverter, SVG, EV/HEV, etc.

## IGBT SNUBBER CAPACITOR SERIES

- Model: B72, B73, B74
- Function: Widely used for snubbing peak voltage & peak current during switching off of power electronic equipment.
- Application: Solar power inverter, wind power current inverter, high voltage soft start, frequency inverter, SVG, EV/HEV, UPS, etc.
