

Custom designed magnetics

Ferrite core ,magnet,inductor,choke coils,power,couping,isolation and drive transformers can be tailored to meet each unique system requirement.

More than you expect

Custom made through-hole inductors,choke coils ,common mode chokes ,power inductors
 Surface mount power inductors,shielded and un-shielded
 Vert/horiz base mount toroid coils,emi filter coils,common mode chokes
 Line filter chokes,date line filter modules,modem transformers,audio transformers
 LAN transformers and filter modules,adsl/vdsl transformers
 Switching Mode Power transformer, Flyback transformers
 Interface transformer,pulse transformers,gate driver transformers
 High voltage transformers,trigger transformers,ignition transformer
 RFID transponders,RFID antennas coils,RFID tags
 Current transformers,current sensors, Current transducers
 RF transformers, Wide band transformers, balun transformers

RoHS ISO9001:2008

<p>EMC Filter Common mode chokes</p>	<p>Power Transformers Fly power transformers</p>
<p>Modern Telecom coupling transformers ADSL/VDSL transformers</p>	<p>ISDN/ADSL/T1/E1/CE/FT interfaces LAN transformers and filter modules</p>
<p>Modern Telecom coupling transformers ADSL/VDSL and system transformers</p>	<p>Switching Mode and power inductors and inductive coupling with 125kHz/130kHz</p>
<p>EMC Filter Common mode chokes</p>	<p>EMC Filter Common mode chokes</p>

Magnetics Components

FERRITE CORES
 EMC COMPONENTS
 POWER INDUCTORS
 LAN TRANSFORMERS
 PLANAR TRANSFORMERS
 CURRENT TRANSFORMERS
 TELECOM TRANSFORMERS

More than you expect
 our service for you

Technical support

Custom-Made Design
 Design guide
 Test support
 Local Agent Support

Design-in support

EMC test lab racks
 Reference designs of IC manufacturers
 Samples Kit for engineers and developers

Delivery

The standard Part Within 7-15 Days
 Service degree:98.5%
 The Standard Samples free of charge

Service

Free technical seminars
 Custom-Made Welcome
 Design kits with lifelong free refill
 EMC test lab search engine

reference design with all major IC manufacturers

EMC Components

Power Magnetics Signal & communications

Power Magnetic Components Current & Voltage Signal & communications

Power Magnetics Signal & communications LED Lights & New Energy
