# **OUR SOLUTIONS OFFERING**

**EDMI** offers a range of smart metering solutions under the MIRA platform that includes fully integrated components comprising software, asset management, smart metering devices, communications and associated systems.

# OUR MANUFACTURING FACILITIES

EDMI owns and maintains several manufacturing facilities strategically located globally to ensure efficiency in production and on-time delivery of high-quality products.

Malaysia, Senai

China, Shenzhen

Australia, Dandenong

EDMI also collaborates with global manufacturing partners to fulfill the diverse requirements of our customers

# **OUR SOLUTIONS**

### UNITED KINGDOM EDMI plays an integral part of the

UK's national smart metering implementation project providing electricity and gas SMETS2 smart meters and 10 Million Communications Hubs for residential and commercial industries

Main provider of high precision Class 0.2S/0.5S meters for DSO and TSO in Albania since 2008. Supplied the metering system for billing, using EDMI's Head End System and complies with

### IRAQ-KRG

Head End System (HES) controls, commissions, and provides real-time monitoring for over 1.5 million EDMI Smart Meters. EDMI's solution delivers firmware configuration and upgrades over the air.

### **THAILAND**

Better Asset Management using a single AMR system and Near-Real-Time Reading is reducing non-technical losses.

### **SINGAPORE**

**CAMBODIA** 

Countrywide Smart Meter **Deployment** as part of Singapore's world-leading AMI rollout within the commercial and industrial sector.

Deployed smart electricity meters to support Hong Kong SAR's first smart meter rollout project as part of the transformation towards a smart city

Supplying high precision Class

in high and ultra-high voltage

substations since 2003.

HONG KONG SAR

0.2S/0.5S meters for AMR projects

# AMR/AMI solution enabling

remote data reading and monitoring with over 1 million metering points deployed.

Cloud-Based, Highly Scalable and Future Proof Solutions for the Australian National Energy Market Power of Choice regulatory regime.

# **AUSTRALIA (GAS)**

EDMI's smart gas meters, read by EDMI's Head End System and accepting up to 23% of renewable gas mixes (including hydrogen), have played an important role in Australia's first digital gas trials

# **TANZANIA**

Provided over 1.2 million electricity meters since 2009. Prepayment solution for residential and C&I sectors reducing Non-Technical Losses and Energy Thefts.

# **MAURITIUS**

Meter Data Management System (MDMS) manages multiple Head End Systems (HES) on one platform. The MDMS is integrated with the customer's SAP system to Reduce Manual Operations.

## **ZIMBABWE**

Prepayment Meters with CIU, supplied with STS functionality, are enabling remote credit reloading

## **NEW ZEALAND**

Cellular Based AMI solution for Asset Management is the preferred solution in New Zealand with EDMI's deployment of over 3.2 million smart electricity and gas meters providing the majority of services to New Zealand's population of 5 million people.
