Material handling (drayage)

Exhibitors may hand-carry in what they can handle with one person in one trip. The use or rental of dollies, flat trucks, and other mechanical equipment, however, is not permitted. Teamsters are responsible for all additional freight moving. The general contractor will control access to the loading docks and control the unloading and reloading of all vehicles at the loading docks. Only full-time employees of the exhibiting company will be allowed to hand carry items.
