Inspiring the World through Green Meetings

Here are a few other ways the Marriott Marquis is contributing

Marriott Marquis Chicago

- Decreasing the amount of solid waster produced by the event
 - *With the use of our commercial trash compactor and the recycling program in place, along with the utilization of eco-friendly disposable vessels and cutlery in all our grab & go areas, we work to minimize our solid waste*
- Reducing Energy and Water Consumption With Events
 - *Rooms with panels have energy saving sensors. Lights adjust based on time of day.*
- Minimizing or Off-Setting harmful emissions
 - *Marriott pairs one of the leading developers of emissions reduction projects worldwide, South Pole. These include forestry, renewables, waste management and energy access projects across five continents. Ask your event manager for more information.*
- Disposing of solid and liquid waste in an environmentally responsible manner
 - *RTI (Restaurant Technologies), our air fryer oil company, turns all of the waste oil into biofuel.*
- Hotel Uses LEED Green Sustainable Cleaning Products
 - *Three of the products In the Ecolab Green Program are*
 - *Glass Cleaner*
 - *Zephair White Cotton*
 - *Clean and Smooth Hand Soap*
- Hotel Residential Style Amenities in each Guest room
 - *One of the primary goals of Residential Amenities is to reduce the waste of plastic in all hotels across all continents. Residential Amenities will replace a non-recyclable item with a recyclable item, resulting in more than 35% reduction in plastic. Reduce Product Waste: Product waste of shampoo, conditioner, and shower gel will be significantly reduced when partially used bottles are replaced with residential sized bottles*
- All Guest Rooms have visible signage in guest bathroom
 - *This allows them to "Make an impact"*
- Energy Lights and air conditioning will be turned off when leaving guest rooms and meeting space
- Purchasing local, seasonal and fair trade
 - *We work with Testa Produce, sourcing their products locally within a 200-mile radius of Illinois. They also follow a strict guideline set up by the USDA and NOP for purchasing organic goods.*
