EXPOSURE BEYOND THE EXHIBIT HALL

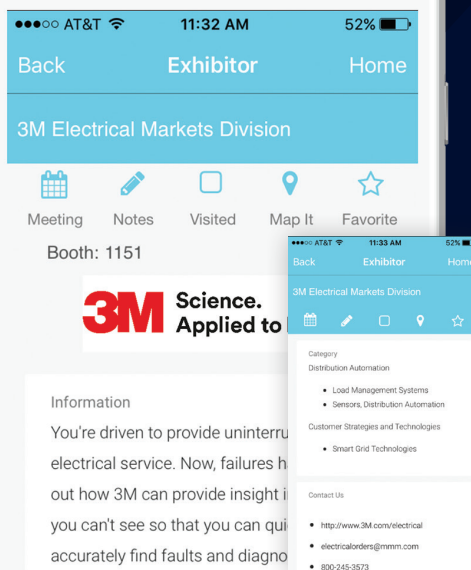

HYDROVISION International is proud to provide its exhibitors with a fresh new take on exhibit floor plan interactivity. With the digital age upon us and an ever-increasing demand for visual and hands-on functionality, we've invested in a unique floor plan environment for our attendees to navigate and learn all about your company.

WHAT DOES THIS ENHANCED ATTENDEE EXPERIENCE DO FOR HYDROVISION International EXHIBITORS?

Your company will now have a multi-faceted platform for showcasing its brand, products and services well beyond the HYDROVISION International exhibit hall, and it will be on-demand for all registered attendees. This enhances your visibility before, during and after the exhibit hall hours.
