INTRODUCING:

THE FUTURE ENERGY LEADERS PROGRAM

The Future Energy Leaders program was created to give engineering students the chance to experience **POWERGEN International**[®], the largest networking and business hub for power generation professionals. Through this program, students can attend sessions and courses based on timely topics in the industry, take advantage of networking opportunities, and more.

Future Energy Leaders at POWERGEN International[®] 2025, are granted:

- Admission to a POWERGEN University course. (limited seats available, preregistration required)
- Free Lunch on Tuesday and Wednesday
- Access to all Keynotes, Technical Conference/Knowledge Hub Sessions
- Watt's Up Unplugged Networking Party
- General Receptions on the Show Floor (at sponsor booths)
- Certificate of Completion to add to your resume/LinkedIn
