

DISTRIBUTECH

Future Energy Leaders

March 24–27, 2025

Dallas, Texas

Kickstart Your Career in the Energy Industry

We are excited to invite you to participate in the Future Energy Leaders (FEL) Program at DISTRIBUTECH 2025! Thanks to your university's partnership, students studying Computer Science and Engineering have exclusive access to opportunities to learn and network with industry leaders in the transmission and distribution sector.

What is DISTRIBUTECH?

DISTRIBUTECH is the premier event for showcasing cutting-edge technologies in transmission and distribution. It offers a wealth of education and solutions that drive the industry forward.

Explore the latest in electricity delivery automation, energy efficiency, distributed energy resource management, renewable energy, smart cities, and EVSE interconnection. Discover advancements in resiliency and reliability, T&D system operations, communication technologies, cybersecurity, and sustainability. Our focus is on delivering unrivaled value, fostering lasting connections, and meeting the evolving needs of attendees and exhibitors.

What You'll Get as a Future Energy Leader

- **Complimentary All Access Pass:** Includes admission to Utility University courses (limited seats available), all conference sessions, and exclusive events for FEL students.
- **Networking Opportunities:** Connect with industry leaders, professionals, and recruiters eager to meet bright, innovative minds.
- **Career Development:** Attend the Student Meet-up to network with energy industry leaders to discuss career opportunities and showcase your experience.
- **Fun and Engaging Events:** Join the DTECH Opening Night Party and a special FEL Reception Party with complimentary food, drinks, and raffle prizes.
- **Certificate of Completion:** Earn a certificate to boost your resume and LinkedIn profile.
