

INSPIRE CHANGE

Through Collaboration

WHAT IS GRIDTECH CONNECT FORUM?

GridTECH Connect Forum offers electric utilities, grid operators, project developers, and policymakers a unique opportunity to collaborate to improve how we connect DER to the grid. These stakeholders will come together to solve the challenges of DER interconnection in a highly focused and intimate setting.

WHO'S ATTENDING?

- Electric Utilities
- Project Developers
- Asset Owners / IPPs
- Installers
- Local & State Government
- Regulators
- EPCs

WHY YOU SHOULD PARTNER WITH US

Tap into the key stakeholders attending GridTECH Connect Forum who are essential in bridging the gap in communication between project developers and electric utilities. Position your company as a thought-leader and align yourself with this first-of-its-kind event.
