Hi Test Test,

Congratulations! You have purchased a Group Package to come to
POWERGEN 2027!

Action: Please remember to register your team!

If you have the names of your team who will be attending POWERGEN, you
can register them here.

ACCESS YOUR GROUP REGISTRATION

If you'd like to do this later, you can update your order at any time by clicking
on the link above.

We would encourage you to do so as soon as possible and **remember to
register yourself if you are attending**. As the purchaser, you are NOT
automatically registered as part of the group.

Once you assign your groups badges, be sure to go to the "Add-Ons" tab to add
Workshops, Peer-to-Peer Roundtables, and other add on events for each person.

Once logged in, register your group individuals by selecting the GROUP ALLOCATIONS tab at the top
of your hub, or the REGISTER YOUR GROUP BADGES button at the bottom of the page

You have the following options (shown in the green text box):

“You’re almost ready for the event! Your badges are listed below but before you can use your badges, you need to assign a named attendee to each one.

Please choose one of the three options below for each unassigned badge:

Option 1: Register yourself

If you are attending the event personally, simply click "Register Myself". The system will allow you to assign the badge with your account details. You will then receive an email confirmation with your badge information.

Option 2: Register colleagues

If you already know who is going, you can fill it out for them. Select "Register Colleagues", type in your colleague’s name, email address and demographics, to assign the badge directly to them. They will receive an email confirmation with their badge information.

Option 3: Send a registration invite link

Not sure who is going yet, or prefer they enter their own details? Click "Copy" below to copy your unique link. You can text or email this link to the attendees, and they can log in to add their own information. Their email confirmation with their badge information will be sent directly to them”
