Instagram / Facebook Marketing Promotion

For optimal engagement on Instagram and Facebook, aim to post on weekdays, especially **Tuesday through Thursday**. The best times to post are **mid-morning (around 9-11 AM)** and **early afternoon (around 1-3 PM)** to align with their typical workday schedules. Avoiding early mornings, late evenings, and weekends, as these are lower in engagement.

It's also beneficial to schedule posts consistently and monitor engagement metrics to refine your posting schedule over time. Additionally, consider crafting content that is easy to understand and relevant to the interests and concerns of your audience.

Use the #SmokyMtnGiftShow hashtag in your captions when posting on social media!
