

Are you ready for summer sourcing? Home & Gift Buyers' Festival opens its doors in Harrogate

Famed for facilitating the retail industry's most relaxed opportunity to discover new products and do business, Home & Gift returns to Harrogate from 17-20 July. A favourite of exhibitors and buyers alike, this year's edition will span six halls and four marquees; showcasing 6 distinctive sectors across gifts, lifestyle, and interiors.

Indicative of retail returning to its pre-pandemic position, not only will the show be over 60% larger than last year, 30% will also be first-time exhibitors making their Home & Gift debut. This means that visiting buyers will have the opportunity to explore designs from both emerging and established brands throughout the show's many halls.

David Westbrooke, Show Manager at Home & Gift said, *"We're thrilled to be back in Harrogate and welcoming our exhibitors and buyers to what's sure to be an incredible edition of the show. We know just how important the next 6 months of trade will be to our community—and we're honoured to be creating a space for the industry to come together, discover, source, network and do great business in a setting that fosters the creativity, individuality, and vibrancy that makes the retail industry truly one of a kind."*

Those seeking specific product categories will enjoy defined sectors:
