A scenic view of a beach with waves crashing onto the shore under a clear blue sky. The water is a deep blue, and the sand is a light tan color. The sky is a clear, bright blue with a few wispy clouds near the horizon.

Our aim at CHALK is to design and make clothing and homewares that evoke comfort and timeless style.

A single piece of clothing can be worn in many ways - a change of shoes can restyle an outfit from comfy stay-at-home loungewear to a smart-casual vibe. It's the same with interiors, cushions and throws can be moved around the home to create a cosy corner or relaxed atmosphere in the bedroom.

When the chillier months are approaching it's time to light the fire, keep a basket of logs close to hand and pull up a chair.

When the sky is grey add an injection of colour with a new cushion. Choose a rich fabric like velvet or faux fur in jewel tones, this will stand out against a muted background. Now all you need is a cup of coffee and it's time to relax.

Our UK Fragrances

Our hand-poured candles are made with plant-based wax and scented with essential and perfume oils to create 5 beautiful fragrances that have stood the test of time with our customers.

Light a candle to suit your mood, be it Geranium & Lavender to relax you while you bathe or zingy Lime & Herb for a fresh boost in the kitchen. Why not add a reed diffuser to give a room a subtle fragrance that lasts weeks or use a room spray for an extra spritz of loveliness.

This wonderful range also comes in a wash and lotion all presented in the same recycled amber glass bottles and jars once empty can be re-used for storage jars or even flowers.

A new addition to the fragrance range is our mighty little soap bar. A great environmentally friendly way to cleanse and wash. Our gentle formula means they are suitable for the face, body, and hair.

Every bar is made from a coconut and vegetable base and subtly scented with perfume oils. Each has a unique cleansing property with added clay powders or bamboo charcoal. We even made its own ceramic soap dish available in pure white and dark grey (which the black soap looks amazing in).

KITCHEN

With an emphasis on simple design, the ceramic range is multipurpose. A tall pot in the kitchen holding brushes can also be used for toothbrushes in the bathroom whilst our small pot can double as a plant pot as well as a coffee cup... use and reuse.

Our small mugs with tiny contrasting star detail sit nicely alongside a ceramic star spoon and milk jug for the perfect way to serve tea.

Fig & Olive with its fresh and gentle scent of sweet fig and notes of bitter olives is perfect for the kitchen. Available in a candle, reed diffuser, room spray, wash and lotion means everyone gets to enjoy this lovely fragrance.

Not everyone likes an oversized jumper, that's why we've designed a fitted sweater that works with both a relaxed jogger and a smarter wide leg trouser. Mix and match through the range to create different looks. We use the same yarn in most of our knitwear because of its quality and super soft feel. The White Shirt is a staple of any wardrobe and was an obvious choice to add to the range.

CHALK has three styles to choose from;

Sophie has an open neck and collar and a turn-back cuff with a single pleat at the front and back. Made in a medium-weight cotton, this shirt has a little stretch for added comfort.

Deb is a loose-fitting shirt with balloon sleeves and elasticated wrists. A very flattering shape for all sizes. Dobby is the same style made in a light-weight textured fabric with little spot detail perfect for the summer.

Petra is a grandad-style shirt, featuring a delicate shell button. It can be dressed up or down for any occasion.
