Hello!

Powell Craft has been a family-run business since 1962. While our product range has expanded over the years, our core values have remained the same – we design beautiful products in natural fabrics that are made to be loved and to last. Our customer base includes stylish gift stores, children's shops and websites all over the world.

Home textiles

Gorgeous cotton cushions with frills and pom-pom trims in our signature floral prints have been introduced to coordinate with our range of luxurious bed quilts and kantha stitched throws.
