ECO-FRIENDLY PRODUCTS'

*Ragdoll Home*

Ragdoll Home is a family run business in the heart of the Yorkshire Dales. We pride ourselves in producing high quality Sustainable and Eco-Friendly wooden products.

All the timber sourced from a FSC certified sustainable forestry supplier.

All our paints and stains are water based.

The hemp rope is biodegradable and locally sourced.

All signs are hand-finished and hand-stained and are available in a natural finish, white finish or in our coloured finish.

Text is engraved into the wood so will not fade unlike a paint only or stencil finish.

Small signs and 4 descending plaques come complete with braided hemp rope fitted.

Larger signs come with a metal sawtooth hanger on the rear.

The bottle openers come with a recessed keyhole hanger and cast-iron opener fitted to the rear.

New signs and products will be added over time.

Minimum order is £150+VAT and delivery.

To qualify for free delivery, minimum order is £250+VAT.
