

The UK's leading manufacturer and retailer of premium quality British-made **LED neon signs**

Exclusive to My Perfect Neon

My Perfect Neon Ltd lovingly designs, makes from scratch, and sells the most beautiful LED neon signs.

We are a family run and independent business based in Warwickshire, and we are 100% a British brand - every sign we make is made here in the UK - we don't import any of our neon signs. Nor do we make run-of-the mill neon signs. We are, in short, super creative! We think outside the box when it comes to neon.

Our back-lit and halo neon signs are unique to the market, ditto our gorgeous QR coded "Scan & Groove" back-lit and halo neon table lamps, wall mounted signs and lyric signs. We use premium quality products when we make our signs, for example, we use 10 mm, not 5 mm thick acrylic backboards, LED integrated flexi-neon not neon tubing stuck on top of cheap LED light strips and genuinely BS standard plugs and adaptors.

So, not only do our signs have the WOW factor, they are safe, durable, robust, beautiful and, costing less than 0.5 p a day to run, super energy efficient. All our products are guaranteed for 12 months and if, in the unlikely event one of our signs was to fail due to a parts or quality issue, we will repair or replace it immediately.

Emma Brambell
CEO My Perfect Neon

Customers' Testimonials

Amazing service and design ✨: I can't thank and recommend Emma enough for the quality of her customer service, design process and how amazing the end result is, all with an incredibly quick turnaround time. We approached Emma to create a sign for our bridal boutique "say yes to the dress" wall and it exceeded all of our expectations. It turned out better than we ever imagined! 5 star communication, service and design, thank you xx

Lauren,
Carol's Bridal Boutique, Carlisle

Really great company: Ordered a neon sign communication was great and so friendly and polite. The sign arrived within 3 weeks and looks superb on our DJ Booth we get so many comments how good it is. Will be ordering more neon signs in the future. Thank you! 😊

Matt, Leicestershire

My Perfect Neon has the exclusive license to manufacture and sell **TfL (Transport for London)** branded products. We are so excited about this collaboration.

We have made a Zone 1 London Tube Map and a range of iconic London Underground roundels in neon. Made here in the UK, these beautiful back-lit, halo neon signs are incredible and will be much sought after.

QR coded "Scan & Groove" Lyric Signs

My Perfect Neon's QR coded "Scan & Groove" range of back-lit, halo lyric neon signs is brand new and totally unique – there is nothing like it on the market. Handmade, from scratch, here in the UK, each sign has a unique QR code on it which, if scanned using a smart phone, allows the customer to play the song which matches the words on the lyric sign. How cool is that? Choose between single colour and RGB colour changing products.

Customers' Testimonials

Amazing! Emma and her business are amazing! I had a short time frame to sort a sign for a fizz wall I had built for my partners 40th. I spoke to Emma over the phone and she knew exactly what I wanted, she drew it up for me and it was delivered in a matter of days! Thank you so much myperfectneon for your help and version we love it and the sign will be a special memory of a very special party! X

Jodie, Nottingham

We purchased 2 neon signs for our garden room. One was a bespoke retro Leicester City emblem. I sent the image and had a mock up and quote within 24 hours. The results are amazing, customer service first class and despite the energy crisis our smart meter confirms that running both neons still costs less than 2p per hour. We love it and friends and family do to. Many thanks from a delighted customer.

Steve & Lisa, Derbyshire

My Perfect Neon delivered exactly that. The lovely Emma kept in contact throughout & answered all my queries & offered advice when asked. The neon was delivered in the timescale given & was well wrapped. It took minimal effort to erect (some drilling) and it looks spectacular. There was a choice of colours, fonts & they can even reproduce a loved ones handwriting. We are always getting compliments about it. I can't recommend My Perfect Neon highly enough. Brilliant service & product. Do it!!

Customer Service

Our customer service is superb - all our reviews on Trustpilot and social media are 5*. We are the go-to neon sign supplier for many high-end wedding and event planners, businesses who want to glow up their work space with a bespoke neon sign and bars, pubs and restaurants.

We work with a range of big brands including ITV, WOW TV, Inn Gear and, of course, Tfl and we have made signs for many celebrities including Vicky Pattison, Dean Henderson and Danny Beard. We even got featured in OK Magazine!

We also love creating bespoke and exclusive signs and ranges of signs for businesses and individual customers, so if you would like to explore the possibility of us designing and manufacturing a sign (or a range of signs) for your business, please do come and chat to us on **Stand DP1-B70**.

Follow the Glow!

This is our first time at Home & Gift, and we are really excited about meeting new customers and showcasing our new and beautiful products. Please come and see us on **Stand DP1-B70** - you can't miss us - just follow the glow! We would love to see you.

Customers' Testimonials

Absolutely Amazing: I ordered a neon sign to add a little light and individuality to our home bar.

Right from the start the service I received was first class, I was given some guidance, advice and a plethora of free design ideas to choose from. Once I chose the sign it took only around a week to arrive. It came well packaged and with all the attachments I needed to mount it on the wall. Upon switching it on we were amazed at how bright it was, it literally lights up the room and looks brilliant. Little did we know that it was dimmable, simply by holding the power button.

If you're looking for something different and high quality you won't go wrong here!

Steve, Edinburgh

One of my best investments ever: Honestly one of the best investments I have ever made. The neon was delivered quicker than expected, the quality is superb, and it was very easy to hang. However, in my opinion what makes @myperfectneon stand out is the personalized, quick, and extremely friendly service provided by the owner. The business is family owned, so they will make sure you get the best service possible. So happy with my sign!!

Carlota, London

Office signage: We worked with Emma and My Perfect Neon to create the perfect sign to make our office a great place to work and add personality, the service was great and the end result is stunning, we strongly recommend.
