CATALOGUE 2023

Hello

I'm Lizzy, a self-taught illustrator from South Wales. I use both traditional and digital mediums to create my illustrations, inspired by my love for animals, nature and the beauty of Wales. I run my own online shop where I sell my illustrated paper goods to customers worldwide.

I particularly love making greeting cards as I was brought up to value a card and it's words, as those personal expressions of care and love can be a gift in itself.

I hope to continue creating moments of joy in my illustrations for my cards and other paper products, and the dream one day is to illustrate picture books and my own stories.
