

Press out, build up and play on!

PlayPress is a buildable playset for ages 4 and up, made in the UK.

We believe in the power of planet-friendly, hands-on fun! Our inventive sets can be pressed out, built up, and played with time and time again.

A close-up photograph of a child's hands interacting with a wooden shape-sorter toy. The child is wearing a red long-sleeved shirt and blue jeans. The toy is a blue board with various colorful shapes and cutouts, including a white elephant, a green tree, a yellow sun, and a red heart. The child's right hand is pressing a white elephant-shaped block into its corresponding slot. The background is a blurred indoor setting with warm lighting.

Hands on play educational, creative – and fun!

PlayPress is about exploring new possibilities. We take care to make our toys inclusive. They're designed to let children play creatively while helping them develop key motor and cognitive reasoning skills.

PORTABLE - REUSABLE - AFFORDABLE

Fun For Kids, Kind To The Planet

Printing & binding

We use food-safe water-based inks and glue that are vegan, biodegradable and ocean-friendly.

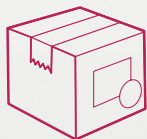

Sustainable

We use materials that are fully recyclable and 100% biodegradable.

Board & paper

The fibres for our Playboard are bleach-free and sourced from sustainably managed forests in Finland.

Manufacturing & transport

Our toys conform to European standards and are locally manufactured in the UK to minimise air miles.
