# PRODUCT BROCHURE

SPRING / SUMMER 2024

# WELCOME

---

Meg Hawkins is a UK-based watercolour artist and homeware designer.

Her surroundings inspire her, and she wants to bring bright, colourful, and joyful artwork featuring animals from all over the world to be the pride of place in your home.

Meg Hawkins Art started life at the kitchen table - where else? Since then, Meg has signed licensing agreements and produced her homeware, giftware, and stationery ranges, which are sold and distributed worldwide.

We are committed to creating products that are both timeless and contemporary.

Our products buck trends, offering pieces that can be cherished for generations while remaining relevant in the ever-evolving design world. Meg Hawkins Art combines watercolour with a modern twist, ensuring our creations find a place in your home.

Our ethos is deeply intertwined with the world around us. Our mission is simple: to bring joy and colour into your life. Art should not be confined to galleries but a part of your everyday experience.

We've spent the last 12 months working on a brand new collection to bring you something that is not only quality but also classic and affordable; we hope you love everything as much as we do.
