## WHO WE ARE

Launched in 2020, Fab Dab Do's stencil kits are born from our years of knowledge hosting kids' workshops and craft parties. They're thoughtfully designed to ignite children's creativity, imagination, and artistic confidence.

We know children have always loved t-shirt painting, but they are typically messy and hard work. Therefore, after having tried and tested many painting methods over the years, we created a unique selling point with our meticulously crafted stencils and innovative, mess-free paint dabbers, resulting in a genuine 'wow' with every T-shirt created.

So, say goodbye to paint pots, sponges, and chaos, because our kits are the epitome of simplicity. No sinks or water needed = minimal mess, and maximum fun for t-shirt painting.

We offer a wide array of fun stencil designs, allowing kids to create and build confidence in crafting, with something to suit all interests.

We actively engage with our audience through workshops at family festivals, horse shows, and large Christmas shopping events to ensure we remain experts in the field and keep listening to our customers.
