

Focus On Good Design Since 2011

Our Story

With a big Thank You to the support from all
our customers around the world

Based in the UK, we're Natalie and Paul Sun, and our passion for art and design led us to set up Gingko Design in 2011, the same year we were married (yes, we know, a very busy year).

We believe that good design should be simple but elegant, sustainable but unique, functional but also long lasting - This philosophy has inspired us to create our innovative and stylish designs that have won a number of international awards. We have now become a leader in the premium & creative design-led home and gift sector in the UK.

Using the latest technology and a fresh, modern approach, we bring elegance and practicality together in a seamless and sustainable way, enabling us to create lighting, accessories and timepieces that will bring something truly special to your home.

So why Gingko? We get asked this a lot! The ginkgo biloba tree is one of the oldest in the world, beautiful when the leaves turn golden in autumn, and used for making herbal recipes and teas for hundreds of years. When we set up our company, we wanted to design and craft products that echoed these qualities; longevity, beauty and a practical use.

Sylva Table LampTM

The Sylva Lamp collection combines minimalist design with versatile functionality, making it a perfect addition to your modern living space. Available in two sizes – Mini and Large, and two refined finishes – Walnut and White Ash, this lamp effortlessly blends style with practicality.

Enjoy seven rotating RGB lights for a vibrant ambiance or switch to a soft white light mode for a calm, peaceful glow. Tapping the top of the lamp allows you to easily cycle through the lighting options. The Large version adds more customization with its dimmable feature – simply hold your finger on top of the lamp to brighten or dim the light to your preference. Designed to inspire comfort, creativity, and peace, the Sylva Lamp brings timeless design and ambient lighting to your home, creating the perfect atmosphere for work or relaxation.

Transforming quiet moments
into radiant memories.

Picture a serene setting – a quiet study, a warm bedside, or a cozy nook – lit up by the Sylva Lamp's gentle glow. For adults and dreamers alike, its versatile lighting adapts to any mood, occasion, or space. From researching late into the evening to relaxing after a long day, the Sylva Lamp stands by, transforming quiet moments into radiant memories.

Smart Saturn Lamp ^{TMA}

Introducing Smart Saturn Floating Lamp – a mesmerizing fusion of art, science, and tranquility. This exquisite lamp is meticulously 3D-printed in the shape of Saturn, capturing the celestial beauty of the iconic planet with stunning detail. What sets this lamp apart is its magnetic levitation technology, allowing it to gently float above a handcrafted real walnut wood base.

The warm glow of the Saturn lamp enhances its ethereal charm, while the natural walnut wood base adds an organic touch of elegance and sophistication. Ideal for unwinding after a long day or setting a peaceful ambiance, the Saturn Floating Lamp is more than just a source of light – it is a unique work of art designed to elevate your space and promote a sense of serenity.

It floats and slowly spins
effortlessly

The Smart Saturn Lamp creates a hypnotic, calming motion that is both soothing and enchanting. The interplay of soft lighting and graceful rotation evokes a sense of wonder, making this lamp the perfect centerpiece for any modern living space, home office, or relaxation area.

AtlasGlobe Lamp

Immerse yourself in the elegance and wonder of our world with the AtlasGlobe Light, a sophisticated world globe light that serves as both a source of illumination and a piece of interactive art.

This exquisite globe has two distinct finishes: a serene Light Blue Globe elegantly seated on a White Ash base, and a stately Dark Blue Globe resting on a rich Walnut base. Each finish comes in two sizes, Mini and Large, making it a perfect fit for any room, whether a cozy study or a spacious living area.

Ease of use is a key feature of the AtlasGlobe Light. A simple tap on the copper button activates the light, while an extended touch adjusts the brightness, thanks to its advanced LED technology. It promises a long lifespan of 50,000 hours and ensures energy-efficiency and environmental friendliness.

The globe's base is ingeniously designed with three smart spinning metal balls, enabling the globe to rotate freely. This unique feature adds an interactive dimension to the globe, making it a fascinating educational tool and decorative item.

Smart LunaSpin Lamp is where art meets technology to create an atmosphere of elegance and wonder. Tailored to those who find solace in night sky.

The lamps are available in two convenient sizes: Mini (12cm)

For smaller spaces and Large (18cm) for a more prominent display. At the heart of each lamp is a 3D-printed globe meticulously designed and crafted. The globes, resting on a solid walnut base, are not merely stationary ornaments but dynamic elements that bring each theme to life. This feature can be controlled to keep the globe static, allowing for versatility in presentation.

The innovative design extends to the charging system. The globes are powered by a cutting-edge magnetic wireless charger, ensuring a seamless and modern look. The base, rechargeable via a USB-C cable, boasts a long-lasting battery life of 12-15 hours, ensuring the lamp remains a reliable source of light and beauty.
