

Smart Moon Lamp

Using the latest innovative design from Gingko to create a fascinating focal point for any stylish home or office, this beautiful rotating moon lamp will amaze your guests and provide an uplifting glow for any space.

The sphere, with its textured surface imitating that of the moon, slowly rotates in the space above your choice of wooden base: walnut or white ash. Using a powerful built-in magnet, the moon is suspended and floats in mid-air, creating a stunning and functional piece of design.

By gently touching the base, you can choose from three different light modes; warm yellow, cool white or warm white, something to suit every taste.

This unique lamp is eco-friendly, being made with completely safe and biodegradable PLA material and reclaimed wood. So for those of you that truly appreciate the world around us (and above us!) and wish to own something extraordinary, this is the perfect purchase.

Product Features

3 light mode:
Warm White, Cool White and Warm Yellow

Smart Baton Light

Gingko Design's innovative, stylish, smart, and sustainable design practices find. The perfect combination in the form of the Smart Baton Light. Elegantly designed in the shape of a cylindrical baton, the frosted acrylic light comes with a wooden handle made using your choice of ethically-sourced natural walnut, white ash, and black wood.

Emitting a warm and radiant glow softened by the frosted acrylic diffuser housing, the Smart Baton Light is the perfect addition to any household as a decorative work of art and a sophisticated lighting solution. The Smart Baton Light comes with a wooden base that you can install on a wall. Attach the Smart Baton Light through a magnetic wall-mount to connect it to the base, instantly turning it into a wall light from a handheld torch.

Smart Baton Light is an absolute stunning design that can fit in any space for any lighting purpose.

Velvet Accordion Lamp

Sculptural artwork and elegant lighting solutions find their perfect union in the form of the Gingko Design Velvet Accordion Lamp. The Velvet Accordion Lamp is a beautiful object to admire through its accordion-inspired design constructed to perfection.

Its warm LED light shines through the waterproof and Tyvek paper in five velvet colour options to highlight beautiful patterns. Its patterns include the gingko biloba tree leaves, the tree we're named after, zebra pattern, floral designs, geometric shapes, and landmark prints.

Smart Accordion Lamp

Inspired by the shape of an accordion, the Gingko Smart Accordion Lamp is a must have home accessory for any room. To open it, simply pull it as you would play an accordion, and it will instantly transform into a sculptural light emitting a wonderful ambient warm LED light through the accordion shaped pages.

Close it and open it again, and it magically **changes** to cool white LED light instead of warm light as before; when it's fully closed, it becomes a laser-cut wooden hexagon display object. This aesthetically pleasing design has a magnetic cover on both sides, so you can open it to a full 360 degrees. You can also connect it to as many units as you wish to create your own piece of sculptural art.

With the Smart Accordion Lamp, you can always create your own forms of light art, to be inventive and inspiring.

Product Features

G006BO - Bamboo

G006WT - Walnut

The Ginkgo Smart Booklight collection is certainly a great additional piece of art to any home; when closed, this Smart Book Light masquerades as a laser-cut wooden/leather/linen fabric 'book' (depending on the collection material), but when opened it transforms into a sculptural light emitting a wonderful ambient warm white light through the pages.

The beautiful, exquisite design opens to a full 360 degrees with cleverly concealed magnets and the lovely soft touch Tyvek pages are tearproof and water-resistant and are lit by long-lasting LED lights. Inside the laser-cut wood or leather cover lies an interior lamp body made from durable, water-resistant Tyvek "pages" containing high-performing LEDs.

A modern desk lamp with a dark, octagonal base and a long, thin, illuminated arm. The lamp is positioned on a wooden desk, and its light is on. The background is a blurred indoor setting with a window and some plants.

Octagon One

Desk Lamp

Modern and innovative design uses simplicity and minimalism in an elegant form. Ginkgo Design's Octagon One Desk Lamp is the perfect culmination of form and function. At first glance, the Octagon One Desk Lamp looks like a modern art statement piece with its unusual proportions. A simple gesture to touch the control button built on the base instantly turns it on to emit a soft and illuminating glow pleasing to the senses.

Made using high-quality aluminium, the Octagon One Desk Lamp features a high-quality finish that makes it look like natural wood or marble that you cannot tell unless you touch it. It features an in-built rechargeable li-ion battery with 1,800mAh capacity that powers 36 LED beads cleverly housed behind a frosted acrylic diffuser in the light, giving you the option of four brightness settings.

Octagon One is a purposeful yet organic design,
as well as a warm addition to any desk or office space.

The New Octagon One Plus Desk Lamp inherited the same elegant design as our global multi-award winning Octagon One Desk Lamp, but now incorporates our popular Click Clock in the hexagon base and is made of 100% sustainable natural wood.

This smart design isn't just simply combining the best of simplicity and natural material to achieve its modern industrial aesthetic, but has also solved our everyday space-saving dilemmas by combining an alarm clock and light into one sculptural piece, leaving space for the more important things in our lives..

Octagon One Plus

Alarm Clock Desk Lamp

It's not just a lamp simply with a clock added on the base,
It's also a sculptural unit created with our product philosophy of elegance, uniqueness and sustainability.

A laptop is open in the background, showing a scenic mountain landscape on its screen. In the foreground, a cylindrical wooden speaker with a glowing light on one end sits on a dark, textured surface. The speaker is made of light-colored wood and has a small control knob and a strap on its side. The overall scene is dimly lit, with the primary light source being the speaker's glow and the laptop screen.

Halo One Speaker

Technology has moved on...we no longer simply need a speaker that can play our favourite tunes with a decent sound, we now also want it to be aesthetically pleasing, simple and fun to use. And, most importantly for our environment, sustainably made. Here at Gingko, our audio collection, especially with our brand new DRUM Light Speaker, it will meet all of these desires.

Mage See-Through Bluetooth Speaker

Mage See-Through Bluetooth Speaker is a fusion of innovative design and acoustic excellence. This Bluetooth speaker is a masterpiece of form and function, available in a sleek Matte Black or elegant Walnut wood finish. Its unique see-through structure makes it a visually stunning piece and offers an immersive sound experience.

Immaculate design, versatility, and an incredible audio-visual experience culminate in forming the Ginkgo Design Drum Light Bluetooth Speaker. You stand this cylindrical device on one end, and you get a beautiful and stylish light. This is perfect for use as a mood light and proper illumination with two lighting intensity modes.

Stand it on the other end, and you get a compact and powerful Bluetooth speaker. Connect it with another Drum Light Bluetooth Speaker to get an incredibly rich auditory experience a powerful through stereo sound with True Wireless Pairing. The device is made using FSC-certified natural wood and is available in maple, bamboo, or walnut. The beautiful wooden casing comes with a detachable vegan leather lanyard perfect for hanging it up for bedtime reading or creating a welcoming and warmly-lit environment.

A Halo One Bluetooth speaker is shown on a dark wooden table. The speaker has a large, circular, perforated metal grille with a wood-grain finish on the sides. It sits on a silver-colored base. To the left of the speaker is a white ceramic mug filled with dried, light-colored flowers. The background is a blurred outdoor setting with wooden chairs and a green plant.

Halo One

Bluetooth Speaker

Halo One is an original, modern, and breathtaking designed Bluetooth speaker from us. The aesthetically and fashionably shaped sound box reveals elegant curves and wood texture and delivers smooth sense of touch and phenomenal audio quality.

Halo One meets people's desire for adding an unusual, inspiring, and aesthetic table art in their living or working space, as well as seriously improving your listening experience from the two 1" tweeters with amazing stereo sound for the large version and TWS technology from the mini version. Plus, the touch sensitive control panel built underneath the smooth surface of the sound box and powered by built-in rechargeable lithium-polymer battery make your operating experience more enjoyable.

Design Led Clock Collection

Flip Click Clock
Cube Click Clock
Brick Click Clock

We're all guilty of being slaves to time. But with our design-led clock collection, at least you can be a slave to time with style!

Combining functionality with aesthetics, our clock collection will excite and impress. From our Gift of the Year Winner, the Flip Click Clock, to our best selling original Cube Click Clock, they're all enough to inspire you to take the time to browse.

Flip Click Clock

The UK Gift of the Year Award-winning Flip Click Clock changes your normal way of using an alarm clock. When nicely engraved alarm icon shows on top, it means your alarm is turned on, otherwise, it's turned off.

Made of natural wood material, the Flip Click Clock is super-easy to use. To set the time and alarm, simply touch the fine laser engraved buttons. When the alarm goes off, gently touch any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves to a normal display as well, keeping the same time and moving as accurate as before.

Touch any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves.

Timekeeping can be smart, clever, ultra-stylish, functional and simple with our cube click alarm clock. The original Gingko Cube Click Clock can tell you the time, date and temperature alternately in LED numbers on a wood grained or other finished cube block at the click of your fingers and automatically switches off when the room is quiet, lighting up again when the alarms goes off or as a response to clicked fingers or clapped hands.

The numbers seem to float on the lovely wooden block, but that's just half the magic of the cuboid with a conscience.

Small, but smart; simple, but clever.

We're all slaves to time, but now it's on your terms with these stylish Brick Click Clocks. Just click your fingers or gently tap your bedside table and the time will appear and looks like the time is magically floating on these lovely bricks. No longer does your room have to be illuminated by a constant blinking digital glow, nor do you have to fumble to find your smartphone in the darkness.

The Brick Click Clock can display the time, date and temperature alternatively or you can also set it on permanent time display like the cube. Best of all, due to its portable feature with a integrated rechargeable lithium battery, it can be placed wherever you like with no need to worry about too many wires around your room any more.
