NOBLE ISLE

Noble Isle, an exquisite, fine fragrance Bath & Body brand inspired by the natural and cultural riches of the British Isles, featuring extracts sourced from local celebrated producers, including Rhubarb from England, Sea Oak from Ireland, Barley from Scotland and Beetroot from Wales. Shunning the ordinary in favour of the original, Noble Isle combines the finest fragrance and natural extracts with the best of design to create a luxurious collection of unisex bath & body products.

All the Noble Isle products are made in the British Isles using natural ingredients, free from sodium lauryl sulfate and parabens, as well as being vegan, cruelty-free and environmentally friendly. We are an ethically conscious and environmentally aware company. All of our packaging is recyclable, we minimise waste wherever possible and we keep our carbon footprint to a minimum.

FIRESIDE MYNWY VALLEY

Fireside kindles the warm, spicy aromas of a country inn with cinnamon and cypress oil, comforting vanilla and vitamin-rich organic beetroot extract.

Noble Isle sources red, yellow and white beetroots from the organic kitchen garden at The Bell at Skenfrith, a 17th-century Welsh coaching inn perched prettily on the banks of the River Monnow.

SUMMER RISING CORNISH HEDGEROWS

An immaculate fragrance evoking the beginnings of summer, with extracts of toning elderflower and antioxidant-charged gooseberry with clean notes of orange blossom, moss and cut grass.

Noble Isle sources organic elderflower and gooseberry from the iconic Victorian Productive Gardens at The Lost Gardens of Heligan in Cornwall, which grows over 200 varieties of heritage fruit, vegetables and herbs.

GOLDEN HARVEST CANTERBURY VINES

A glorious blend of mellow fruitfulness inspired by fruits of the vine with notes of violet leaf, sun-ripened grape and green apple, embellished with the gentle fizz of juniper berry and antioxidant grape extract.

Noble Isle sources three grape varieties, Chardonnay, Pinot Meunier and Pinot Noir from Canterbury vines at Simpson's Wine Estate. The grapes are carefully harvested from vineyards, which occupy glorious positions on the sunny, sheltered slopes of the North Downs of Kent, protected from the whimsy of the English climate by ancient woodland and anchored in the iconic chalky soils so highly revered in the world of sparkling wine.

WILLOW SONG LAVENHAM WALK

An unreservedly romantic fragrance, remindful of floaty green florals and mellow woods, enriched with extracts of willow bark and water lily, known for their soothing properties.

Noble Isle sources willow bark and water lily extracts from a soothing stream around the famous Lavenham Walk, a two-mile promenade through the rolling countryside surrounding the medieval English village of Lavenham in Suffolk.

TEA ROSE CHELSEA GREEN LONDON

A splendid and graceful occasion, High Tea in London is a quintessentially British tradition and the inspiration for Tea Rose. Charming and pure, Tea Rose is an aromatic infusion of black tea from London and delicate roses, blended with jasmine and crisp clary sage.

Noble Isle sources English roses from The Real Flower Company, sustainably grown by Rosebie Morton – purveyor of one of the finest collections of scented roses in the world. Rosebie has dedicated herself to the cultivation of ‘real’ roses with all their exquisite subtleties of hue and scent. The Real Flower Company is based on a family farm nestled within the rolling green hills of Hampshire with their floral boutique on Chelsea Green, London.

RHUBARB RHUBARB! THE YORKSHIRE TRIANGLE

A bittersweet fragrance reminiscent of the dewy wake-up of a Yorkshire spring, with cleansing extract of 'forced' rhubarb and notes of juniper berry and muddled rosemary.

Noble Isle's rhubarb extract is sourced from E. Oldroyd & Sons, a sixth-generation rhubarb farm in the Yorkshire Triangle, overseen by the 'high priestess of rhubarb', Janet Oldroyd.

WHISKY & WATER DUFFTOWN DISTILLERIES

A rich fragrance redolent of the finest, oak-aged single malt, with warm vanilla and cedarwood on the nose and skin-calming extract of Scottish malted barley.

Noble Isle sources natural extract of malted barley from time-honoured Balvenie Distillery in Dufftown, one of only a few distilleries still harvesting and malting its own barley to create an exclusive range of handcrafted single malt Scotch whiskies characterised by smooth, honeyed complexity.

SEA OF GREEN ROARINGWATER BAY

A verdant coastal fragrance inspired by the Atlantic coastline, with extracts of mineral-rich sea oak and samphire with notes of sappy thyme, ivy and juniper.

Noble Isle sources sea oak from a Roaringwater Bay Mussel Farm in west Cork, where a rocky coast meets the pristine waters of the Atlantic. Valued for its concentrated mineral content, sea oak has been gathered for hundreds of years in the area and this family-run mussel farm, which has historic access to the shoreline, is harvesting the super sea veg once again.

PERRY PEAR GLOUCESTERSHIRE ORCHARDS

A sparkling fragrance with a tart nose of orchard fruits, softening into rose, geranium and jasmine, enriched with clarifying extract of Yellow Huffcap heritage perry pear.

Noble Isle has sourced extract of perry pear from a 200-year-old Yellow Huffcap perry pear tree in the orchards of Day's Cottage – members of the Gloucestershire Orchard Group, an organisation dedicated to conserving, promoting and celebrating the area's traditional orchards.

BESPOKE GIFTING
