KimmyB® is a UK registered trademark based in Sussex, England. Rated 4.9 - Excellent, on Trustpilot.

Since launching in 2017, we have been committed to making sustainable choices across our home fragrance range. Our candles contains 100% eco-soy wax and pure cotton wicks. We avoid any bleach or dye - instead embracing a natural variance in shade. Our careful approach results in a clean burn and delicate fragrance.

For Autumn 2025, we're proud to unveil our 2 new Refillable Ceramic Tea-Cup Candle designs [candle burn-time: 35 hrs)... welcome: 'Bella' and 'Olive'.

Our Fragrance Flower Diffuser range continues to be one of our best selling products. With an eco-friendly mineral base and carefully selected fragrance oils [lasts 4 to 6 months].
