SS2022 NEW PRODUCTS

Preface

We're grateful for all the supports we had from our clients in the past years, especially during the pandemic times. Your support helped us to improve and create new exciting products, which we hope will boost your retail experiences.

We are now very proud to introduce our 2022 Spring and Summer new range and trust that you will love them as much as we do.

Thank you again and look forward to continuing working with you for many years to come.

NOTE:

This catalogue only includes our 2022 Spring and Summer new designs.

The Sun Family
(Paul, Natalie, Lewis and Amelia)

our story

We're Natalie and Paul Sun, and our passion for art and design led us to set up Gingko Design in 2011, the same year we were married.

We believe that good design should be simple but elegant, sustainable but unique, functional but also long lasting - This philosophy has inspired us to create our innovative and stylish designs that have won a number of international awards. We have now become a leader in the design-led home and gift sector in the UK and across the rest of Europe.

Using the latest technology and a fresh, modern approach, we bring elegance and practicality together in a seamless and sustainable way, enabling us to create lighting, accessories and timepieces that will bring something truly special to your home.

So why Gingko? We get asked this a lot! The gingko biloba tree is one of the oldest in the world, beautiful when the leaves turn golden in autumn, and used for making herbal recipes and teas for hundreds of years. When we set up our company, we wanted to design and craft products that echoed these qualities; longevity, beauty and a practical use.

We're now based in Kenilworth Warwickshire, Shakespeare's county, and we live outside the town of Warwick with our two beautiful children. We feel proud of what we have achieved and we know that you will feel the same pride in selling and owning our beautiful products.

gingko

sculptural lighting collection

It could be something simple but elegant;
It could be something functional yet stylish;
It could be a statement piece of sculptural art, with
a solution to solve your lighting problems.
Whatever you are looking for, discover our lighting
collection now and we're sure to have something
to delight you and help light up your home and life.

This year, we have more new products adding into
our exciting sculptural lighting range.

2022 NEW

dragonflight balance light

Bedside table lamps have always been purely functional in that they provide a warm and illuminating glow. They rarely offer any aesthetic value in making the space they occupy look good beyond emitting light. Imagine getting a sculptural work of art that radiates a welcoming light.

Available in a choice of maple or walnut, the Dragonflight Balance Light has energy-efficient LED lights hidden under the wings. Taking the style and innovation that have become a signature of Gingko Design's products, the Dragonflight Balance Light is perfectly balanced atop a cylindrical base where it can be kept stationary or rotated slowly to inspire awe and transform your perspective on lighting forever.

With four brightness settings, it takes only a gentle touch to adjust the light it emits. The self-balancing wooden lamp relies on using the principles of centre of mass to maintain its balance, making it appear as though it is effortlessly hovering in the air, much like its namesake.

An easily rechargeable battery makes the lamp cordless, and its 650 mAh battery capacity offers up to 36 hours of illumination (depending on the brightness setting). Form, function, convenience, and beauty - all come together in the form of the Dragonflight Balance Light.

It balances perfectly on any surface

Simply touch the Dragonfly body to turn on the light
or change the intensity.

It's the perfect 'balance' of beauty and function.

dragonflight balance light

Technical Features

Product material: made from FSC certified natural Beech or walnut solid wood

A rubber mat built into the base to protect your surfaces and prevent slipping

USB recharging port tucked away within the dragonfly design

Touch control with USB C (type C) charging port (charging cable included)

Light source: 0.2 watts x 28 pieces long-life LEDs

LED colour temperature: 3000K

Power source: 650mAh Li-on rechargeable battery

4 levels of light brightness

Charge time: 3-4 hours

Battery life: approx 3 - 36hours (depends on the intensity)

Product Size (assembled): 310 x 360 x 240mm or 12.2" x 14.17" x 9.45" (L x W x H)

Product Weight: 300g or 0.66lbs

Packed in a premium gift box

Lemelia Light

2022 NEW

Portability, simplicity, elegance and convenient lighting come together in the form of Gingko Design's Lemelia Light. A cute, adorable, and small cylinder that stands a mere 6 cm tall, the Lemelia Light appears to be little more than an elegantly crafted paperweight.

A combination of premium frosted glass seamlessly attached to a natural wooden base with walnut, black, or white ash finish, the Lemelia Light is a portable and playful lighting solution. Made using non-fragile and solid glass that stays cool to the touch.

Touch the wooden base to turn it on and emit a white and warm light radiating a soft glow through the frosted glass in this adorable light. Switch to a range of seven different colours that are vibrant and bright to suit your mood. Whether you need a mood light that makes the aesthetic of the room match how you feel or a nightlight with a soft glow to help your children go to sleep at night with ease, the portable and lightweight Lemelia Light is an ideal solution for a wide range of needs.

Powered by a 600mAh rechargeable battery, you get up to 15 hours of constant illumination in various colours to match your mood with the interactive Lemelia Light.

Just chill & relax ..

4 long-life extraordinary RGB LEDs gives you a great 7 light colour changing atmosphere.

This cute & stylish Lemelia Light brings fun and joys to any home,
and its battery life lasts up to 15 hours per charge.

Lemelia Light Technical Features

Product material: FSC certified white ash, black or walnut wood with premium non-fragile frosted acrylic glass

Two light modes with 7 light colour changing or warm white light mode

Battery life: 12-15 hours

Light Source: 4 x 0.2 watts RGB LEDs

LED colour temperature: 2900K~3100K

Power input: DC5V 0.5A

Power source: 600MAH Li-on rechargeable battery

evaro light bulb lamp

Inspiring intrigue and offering the warm glow of an incandescent bulb, the Evaro Light Bulb Lamp is truly a sight to behold.

This unique take on a light bulb lamp is the perfect unity of form and function. Dim the lights, do away with your old table lamp and gently move the bulb close to its holder to see the magic of the Evaro Light Bulb Lamp unfold.

A culmination of innovative and forward-thinking lighting solutions by Gingko Design, the floating Evaro light bulb lamp will provide the perfect glow-up for any space. The stunning visual of a light bulb seemingly floating mid-air is not an illusion.

The base of the light and holder have powerful magnets that suspend the light and wirelessly transfers power through magnetic induction. Merely moving the bulb close to the holder sets it in place and switches it on. Any accidental knocks simply connect the bulb to its holder, ensuring that it never drops.

Available in a choice of walnut and black, this unique, elegant, and sustainable light bulb is the perfect lighting solution for a modern and minimalist aesthetic with a touch of class.

Available in Walnut and Black finish.

smart moon lamp

With this extraordinary levitating NEW BLACK Smart Moon Lamp from Gingko, you could light up your whole world even better.

This gravity-defying moon lamp seems to magically 'float' above a walnut or white ash wood base and slowly rotates just like the real elliptical orbiting moon. Made with safe PLA material, this 3D printed full moon even has a textured surface just like the moon's own craters and glows an ethereal-like light as it emits its cool white light. Suspended by a strong built-in magnet it creates a fascinating and life-like illusion of the real thing.

Plus, the Smart Moon Lamp also has three different light modes for you to choose, so you can switch to your preferred light colour from warm yellow light, cool white light and warm white light by a simple touch on the wood base.

This amazing levitating Smart Moon Lamp from Gingko certainly reflects our design ethos of making every day objects premium and smarter in living.

smart galaxy lamp

Witnessing the stars and the Milky Way Galaxy in the night sky away from the cities is a surreal experience we rarely have the opportunity to enjoy. We all love looking at the stars and admiring their beauty in the night sky, but it is impossible with all the light pollution and cloudy night skies in the cities. This is where our Smart Galaxy Lamp comes in.

The Smart Galaxy Lamp features a textured surface galaxy globe rotating slowly above the black wooden base. Powerful built-in magnets suspend and slowly rotate the sphere mid-air, creating a stunning visual for you to behold.

The Smart Galaxy Lamp also has three different light modes for you to choose, so you can switch to your preferred light colour from warm yellow light, cool white light and warm white light by a simple touch on the wood base.

Made using biodegradable PLA material and reclaimed wood, this eco-friendly lamp is the perfect bedside accessory for anyone who wants to be close to nature from the comfort of their home. If you have been looking for a truly extraordinary light that leaves everyone in awe, the Smart Galaxy Lamp by Gingko Design is the perfect addition to your homeware.

Admire the galaxy in the comfort of your home
Enjoy, relax and unwind.

smart baton light

The Smart Baton Light is purely a sleek and modern, compactly designed object.

It can be positioned absolutely anywhere you desire. The real natural and sustainable adhesive wood base can be fixed to most surfaces, and with a cleverly hidden magnet inside, the light baton can be easily positioned, taken down and even used as a handy portable torch. You can recharge it as needed and simply place it back onto its magnetised base. Light up a dull hallway, stairwell, a cupboard or even use it as a bedside light, without the need for complicated wiring.

The Baton Light also has an in-built motion sensor to help conserve even more energy. So when it's dark, it automatically lights up the moment it detects any motion. Or if you prefer, you can keep it lit and switch it off when you're ready..

Without compromising on design, the Smart Baton Light from Gingko has a real wood case set off beautifully by the high quality frosted acrylic glass which keeps it light, pleasant and easy to grip for handy use. It certainly reflects our design ethos of making every day objects smarter.

With Black Smart Baton Light,
It can even add more styles in your wardrobe.

It's not just a new black colour,
It's another way of presenting a good design.

VELVET

smart accordion lamp

5 Trendy Design Patterns

The Velvet Accordion Lamp is more than a mere lamplight, it is a marvellous display of elegance and creativity. Beautifully crafted using waterproof and tearproof Tyvek paper with a range of designs and colours.

Sculptural artwork and elegant lighting solutions find their perfect union in the form of the Gingko Design Velvet Accordion Lamp. The Velvet Accordion Lamp is a beautiful object to admire through its accordion-inspired design constructed to perfection.

Its warm LED light shines through the waterproof and Tyvek paper in five velvet colour options to highlight beautiful patterns. Its patterns include the ginkgo biloba tree leaves, the tree we're named after, zebra pattern, floral designs, geometric shapes, and landmark prints.

Turning it on is simply a matter of switching it on. Available in cool and warm lighting modes, making the switch requires closing and reopening the lamp. The Velvet Accordion Lamp by Gingko Design is the perfect lighting solution for a variety of occasions.

sustainable audio collection

Technology has moved on...we no longer simply need a speaker that can play our favourite tunes with a decent sound, we now also want it to be aesthetically pleasing , simple and fun to use. And, most importantly for our environment, sustainably made.

Here at Gingko, our audio collection, especially with our brand new DRUM Light Speaker, it will meet all of these desires.

40

Drum Light Bluetooth Speaker

For all other audio designs, please check our full product catalogue

drum light speaker

- it's not just another speaker -

Immaculate design, versatility, and an incredible audio-visual experience culminate in forming the Gingko Design Drum Light Bluetooth Speaker. You stand this cylindrical device on one end, and you get a beautiful and stylish light. This is perfect for use as a mood light and proper illumination with two lighting intensity modes.

Stand it on the other end, and you get a compact and powerful Bluetooth speaker. Connect it with another Drum Light Bluetooth Speaker to get an incredibly rich auditory experience a powerful through stereo sound with True Wireless Pairing.

The device is made using FSC-certified natural wood and is available in maple, bamboo, or walnut. The beautiful wooden casing comes with a detachable vegan leather lanyard perfect for hanging it up for bedtime reading or creating a welcoming and warmly-lit environment.

Featuring a 500mAh rechargeable Li-polymer battery, you get 3-8 hours of non-stop music-listening experience. Recharging the device is a matter of plugging in the Type-C USB port. This eco-friendly and stylish Bluetooth speaker and light is the perfect addition to any space to make it classier.

Simply flip the light side over
or lay it on its side to turn it into a handy
and portable light...

Available in 3 natural wood from FCS certified walnut, beech and bamboo.

I am not only a speaker,
(a good one)

but also a light
(an unexpected one)

design led clocks collection

We're all guilty of being slaves to time. But with our design-led clock collection, at least you can be a slave to time with style!

Combining functionality with aesthetics, our clock collection will excite and impress. From our Gift of the Year Winner, the Flip Click Clock, to our best selling original Cube Click Clock, they're all enough to inspire you to take the time to browse, especially now with our 2022 brand new **Cube Plus Clock**.

46

Cube Plus Clock

For all other design-led clock designs, please
check our full product catalogue

cube plus clock

The Cube Plus Clock by Gingko Design exemplifies style, elegant design, class, and sustainable practices in the form of a clever and intuitive device. A clock, alarm, stop-watch, and countdown timer, the Cube Plus Clock is a marvel to look at with its precision-cut wooden construction. The raw wooden texture and perfection in its shape make it a beautiful ornament for your bedside.

The integrated alarm clock in the Gingko Design Cube Plus Clock features three sound options, namely forest bird sounds, sea waves, or rooster sounds. The alarm can be activated or deactivated by simply flipping the cube to its side. Laser-engraved touch control buttons allow you to easily switch between its different modes, and the sound-activated display preserves its battery. When deactivated, the display becomes invisible, disguising the Cube Plus Clock as a mere wooden cube. When activated, the display shows you the time through the wooden surface, creating an immaculate visual. The Cube Plus Clock also features the option for you to view the time in a vertical display layout.

Designed in-house by Gingko Design in Warwick, UK, the Cube Plus Clock is the perfect bedside accessory for everyone.

The Cube Plus is now better, stronger and smarter.

A decent cube

A stopwatch

A timer

USB C charging

It's a cube and a clock, plus alarm, plus timer, plus stopwatch,
And you can also change the clock display from horizontal to vertical.
