

Soaps, Candles, Wax Melts & Reed Diffusers

Wholesale Catalogue

Our products are made with future conservation in mind. The ideas came from a time and a place where the people looked after nature in order for their survival. We hope everyone enjoys our Transylvanian twist on all things scented and functional.

INSPIRATION

I have drawn upon my memories, as a child spent in the natural habitat of Transylvania. Many of Apold Apothecary's products are reminiscent of the fragrances of summers spent with family in the village of Apold.

Once upon a time, in a sleepy little village, Apold, in a faraway land Transylvania, four young children played hide and seek with their Oma. The sun shone relentlessly and Oma hurried the children along to fill their baskets with wild flowers.

An hour later at Oma's wood burning stove the excited children were helping make elderflower soap, using a recipe that had been passed down through the female side of the family. I was one of those children and my Oma was teaching me how to connect with nature along with the benefits of using only natural ingredients for anything used on the skin.

In the summer of 2017, following a long absence, I returned to Transylvania. It felt as though I'd been transported into the land of a Grimm's fairy tale. On a hill overlooking Apold, I was immersed in a sea of wild flowers. Butterflies skimmed the tops of fragrant orchids, thyme and blue cornflowers.

My return had rekindled happy childhood memories and there was only one thing left to do; to learn the craft of soap making. I wanted to show my family the benefits of natural ingredients and I hope the tradition will continue for generations to come.

Following the line of soaps, soy wax candles were introduced. To compliment the candles came reed diffusers and finally soy wax melts.

CANDLES

Available in a range of 13 fragrances.

Soy wax was our choice for the following reasons:

It is a natural renewable source

It is eco friendly and clean burning; therefore better for you and also the environment.

Soy wax is slow burning, meaning your candle will burn for a longer period of time.

Candle Tins:

Our tins measure 74mm wide by 67 mm high

They hold approx 200ml of soy wax and burns for a minimum of 30 hours

Cotton Lead Free Wicks are used in all our tins.

The fragrance and essential oils we use are of a high quality and ensure you get both a great cold and hot scent throw.

Our products are labelled in accordance with CLP regulations.

REED DIFFUSERS

Reed diffusers are a great way to continually fragrance a room 24 hours a day

The 100ml sized tin compliments our candles and will last approximately four months. The tins are boxed with instructions for use, along with four natural fibre reeds that measure 6mm by 175mm. The natural fibre reeds perform really well and tend to clog less frequently than rattan reeds.

Our diffusers are available in the same fragrances as the candles.

SOY WAX MELTS

Available as 50g snap bars in the same fragrances as our candles and reed diffusers.

NATURAL SOAPS

We believe that less is more; therefore our soaps do not contain a long list of complex ingredients. We make all our cold processed soaps in small batches and use only the finest ingredients. Every step of the process is done by hand, right down to the wrapping of each bar.

The soaps are vegetarian friendly and cruelty free. We only test on family and friends!

We do not use any palm oil and the soap is SLS and paraben free. Olive oil is the main ingredient, this creates a mild, moisturising and nourishing soap.

Coconut oil, gives brilliant cleansing properties and helps to create a luxurious lather.

And unrefined organic shea butter gives a silky and creamy feel, leaving you with moisturised and hydrated skin.

We are fully compliant with safety assessment certification under UK and EU regulation.

Each bar weighs approximately 100g. (This can vary slightly, due to the cold process production and curing techniques).

Always allow your bar of soap to drain in between use to prolong its life

ELDERFLOWER & NETTLE

BEST
SELLER

A light and flowery fragranced bar summing up lazy summer days! This soap takes me back to summers spent in Transylvania, where in June, tonnes of wild elderflowers are harvested for a range of products.

HONEY & OATMEAL

BEST
SELLER

This is a particularly nourishing bar, especially if your skin is a little dry. The real oats are gently exfoliating, leaving skin soft and smooth. Honey is known for its antibacterial properties and the bar has a sweet light honey fragrance.

PURE & NATURAL (JUDE'S SOAP)

Not everyone chooses to use a fragranced soap. Pure and Natural is also known as Jude's. It's as it says, simply pure and un-fragranced.

SEAWEED & ALGAE

A mild and fresh seashore fragrance and popular bathroom soap. Think of seaweed, with a hint of cucumber and transport yourself back to rock pools and days on the beach.

HONEY

This bar is super moisturising and soothing on the skin. Honey is one of the oldest ingredients known to man. It lathers really well making it a bubbly, sweet smelling bar.

LAVENDER

BEST
SELLER

A lovely fresh floral scented bar. Lavender is associated with many health benefits and is known for its calming effect on the body and its ability to induce sleep.

ROSE GERANIUM

A gorgeous floral scent! Rose Geranium is known for its mild, soothing effects and is said to uplift the spirit and help reduce stress. There is something nostalgic about this fragrance.

VINTAGE LINEN

Imagine bringing in your line dried laundry at the end of a summer's day and it has been infused with jasmine, lily and orange blossom. I like to slip a bar of this in between the bedding!

CHRISTMAS COLLECTION

Available in our candles, reed diffusers and soy wax melts

CHRISTMAS EVE

This candle has a sultry and seductive fragrance that creates a warm ambience for Christmas Eve and indeed the whole festive season.

Top notes – Cinnamon, Clove
Heart notes – Myrrh, Cedarwood
Base notes – Amber, Frankincense

CRANBERRY ORANGE & CINNAMON

A welcome Christmas fragranced candle to any home as it is fresh, floral and fruity.

Top notes – Cranberry, Orange
Heart notes – Cinnamon, Jasmin, Lily
Base notes – Sandal, Cedar, Musk, Vanilla, Sugar

SLEIGH BELLS

This is a real Christmas classic with warming notes of nutmeg, cinnamon and clove, with a glazed orange heart.

Top notes – Orange, Mandarin
Heart notes – Cinnamon, Clove, Nutmeg, Rose
Base notes – Spices, Patchouli

WE THREE KINGS

Our best selling Christmas candle! It's a dark and mystical fragrance with notes of frankincense, myrrh and violets.
