CLASSIC COLLECTION

CAPSULE COLLECTION

Welcome to Alice Caroline and our gorgeous range of Liberty accessories.

Alice Caroline grew out of a life-long love of vibrant Liberty prints. As a child, Alice Caroline Garrett would pore over her grandmother's stash of quilting fabrics, savouring the bright delights of each new print. Choosing Liberty fabrics for her products, with its delicate and inventive patterns, intense long-wearing colours, and its traditional English heritage was a natural choice for Alice.

Supporting British design and manufacturing is at the heart of our business. Our studio, based in a beautiful barn in the Cotswold hills, is a hive of creativity and industry. Our products are of exceptional quality and design and are made in the UK in an ethically audited factory. Our beautiful Liberty range showcases the best of British design, from classic William Morris prints to contemporary botanicals.

We are delighted to have been awarded the Queen's Award for Enterprise: International Trade for 2021 which is a great honour for us. We love what we do and are ecstatic to have been awarded, by the Queen, for our work with our customers.

We make and sell the following:

1. Beautiful accessories using Liberty fabrics – wash bags with a waterproof outer and inner layer, cosmetic bags, purses, eye masks, shower caps, hot water bottles and headbands.
2. Gorgeous sewing kits combining Alice's pattern designs with beautiful Liberty fabric.
3. A range of tea towels, aprons, oven gloves and accessories in unique floral designs.

We work from a Cotswold stone barn in a stunning Cotswold location. It is the most idyllic and peaceful place to work and enables the creativity needed to develop our wide range of Liberty products. With over ten years of experience of using and designing with Liberty fabrics, Alice knows her market, and designs new products and fabric collections with the customer and latest trends in mind.

All of our Liberty products are made using Liberty Tana Lawn® cotton fabric which is of exceptional quality and design. The history and heritage of Liberty Fabrics dates back to 1875 when Arthur Liberty opened his world-famous shop on Regent Street, London. Shortly after this Arthur Liberty printed his first Liberty Fabric. By the 1890's Liberty Fabrics produced the very best of avant-garde textile design. Today, Liberty Fabric is the product of a bespoke production process: hand-drawn by the in-house design team, printed onto Tana Lawn® cotton which is fine, cool and durable with a silk-like feel. We use a wide variety of these Liberty fabrics to produce our wash bags and accessories range.
