### BRITISH CASSIS

Founded by Jo Hilditch in 2005, British Cassis is a luxurious blackcurrant liqueur made using fruit from Whittern Farms in Herefordshire, which has been in her family for four generations.

Following Jo's appearance on Dragon's Den where she famously rejected four offers from the Dragons, the brand has seen stunning success with key listings in nationwide retailers such as Waitrose and numerous awards including a 3-star Gold Great Taste award.

A British take on the classic French Crème de Cassis, it is made with pressed blackcurrant juice and a special technique, which draws on classic winemaking in order to capture the intensity of the freshly picked British blackcurrants.

Once the blackcurrant juice has fermented naturally with champagne yeast, it is blended with a little vodka to fortify and sweeten, in order to accentuate the rich, fruity flavours before bottling.

British Cassis has an ABV of 15% and is available in stylish 500ml, 200ml and 50ml bottles. Framboise is available in 500ml, 200ml and 50ml bottles.

## PEDRINO SPRITZ

Pedrino was launched by Joe Knopfler, son of music icon Mark of Dire Straits fame, and Sam Showering, the next generation from the family that helped pioneer brands such as Babydam, Harveys Bristol Cream, Cockburn Port and Brothers Cider.

Already leading the way in the sophisticated spritz category and ensuring the authentic spritz is very much back in vogue, the vibrant Pedrino range is inspired by the drink cabinets of Spain, Portugal and Italy.

The company carefully blends the finest origin-protected Sherry, Port or Vermouth with their own artisanal tonic water, made with all-natural botanicals and British spring water.

Ultra-versatile, the Pedrino range can be mixed with a wide range of quality spirits to provide the sophistication of a cocktail with the sparkling refreshment of a spritz.

Voted the International Spirit Challenge's Pre-Mixed Drinks Producer of the Year in 2019, the Pedrino terrace-ready trio includes a floral Vermouth & Tonic, a bittersweet Sherry & Tonic and a citrusy Ruby & Tonic, which are wonderfully refreshing libations or aperitifs, when simply served chilled over ice.

Pedrino Sherry & Tonic Spritz, Ruby & Tonic Spritz and Vermouth & Tonic Spritz have an abv of 4% and are available in 20cl bottles.

1 /2 lime (quartered)  
2 teaspoons of caster  
sugar  
Cubed ice

Muddle lime and  
sugar. Add Abelha  
Silver and stir.

## ABELHA ORGANIC CACHAÇA

Abelha Organic Cachaça is a traditional artisanal cachaça. It starts life in Rio De Contas in Bahia, Brazil where the 100% organic sugar cane is harvested and immediately processed for maximum flavour. Abelha is distilled in small batches in copper pot stills and only a small fraction, the coração (heart), is kept for resting or aging.

The Responsible Trading Company (RTC), who produce Abelha Organic Cachaça, are developing fair partnerships with small holding farmers. They share with them their values and organic teaching methods to enable farmers to grow sugar cane 100% organically on the highland sandy soils. The farm workers who make Abelha are paid a good wage and are guaranteed a fair price for their cane. This makes for better and consistent quality of sugar cane and long-lasting partnerships with the farming community.

Range includes Abelha Organic Cachaça Silver and Gold.

# CONKER SPIRITS

Set up by Rupert Holloway in April 2015. Rupert spent his younger years studying and working on building his CV, including time at university studying Biology and then a Masters in construction, Rupert began his serious working career as a Chartered Quantity Surveyor, but pretty quickly realised something was missing and that his real passion lay elsewhere.

With craft drinks on the rise, Rupert started to research distilling and began foraging on the cliff tops of Bournemouth. At aged 29 he took the leap to leave his day job and launch Dorset's first gin distillery. A £10k government grant followed and one year later Conker's Dorset Dry Gin launched to the public.

Passionate foragers, distillers and bottlers, the company handcrafts its spirits in small batches to ensure no shortcuts or compromises are taken when it comes to the craft processes, the ingredients and the final quality.

Conker embodies the spirit of Dorset, blending British wheat spirit and New Forest spring water with botanicals that can be found across the Dorset coast and New Forest.

Conker Cold Brew is the coffee liqueur for true coffee lovers. No flavourings or imitation – just Grade 1 forest grown speciality Ethiopian and Brazilian coffees, a touch of demerara sugar and distilled British wheat spirit.

Range includes Dorset Dry Gin (40% – 70cl/35cl/5cl), RNLI Navy strength Gin (57% – 70cl/35cl), Port Barrel Gin (43% – 70cl) and Cold Brew Coffee Liqueur (25% – 70cl/35cl/5cl)

Conker embodies the spirit of Dorset, blending British wheat spirit and New Forest spring water with botanicals that can be found across the Dorset coast and New Forest.

Conker is one of the first craft gin brands to move to the 'Low & No' space with the launch of Bowser premium distilled non alcoholic spirit.

100% Distilled – 0% Spirit. Distilled in copper pot stills using New Forest Spring Water and five select botanicals, Bowser LEAF has a mouthfeel and fresh dryness that's absent from the non-alcoholic spirits currently on the market. Each botanical is distilled separately and blended carefully to create a well-balanced, complex whole. And, of course, it contains no extracts, artificial flavours, sugar or sweetener.

## Cocktail recipe:

### Leaf Sour

60ml Bowser Leaf  
25ml Fresh lime juice  
15ml Sugar syrup  
20ml aquafaba

Shake all of the ingredients with ice, strain back into the shaker, and discard the ice. Give it a dry shake before fine straining into a coupe or tumbler filled with ice.

### El Ritual:

1. Take a sip of ZIGNUM Mezcal.
2. Dip a slice of orange into Sal de Gusano.
3. Take a bite of the orange slice, for a burst of citrus flavour and savory spice.
4. Repeat, discovering new flavours with each sip.

## ZIGNUM® Mezcal

CASA ARMANDO GUILLERMO PRIETO

ZIGNUM, which means "tip of the spear", is celebrated as an exceptionally smooth, refined Mezcal. The Maestro Mezcalero and his team work with a sustainable mindset from field to barrel to bottle.

They harvest the agave hearts (piña) at the peak of maturity, with a focus on bringing out the authentic flavour of the agave in the finished spirit. ZIGNUM Reposado & Añejo are then aged in oak barrels for added complexity and character.

The distillery has a fully integrated process to produce, from the field to the bottle. They grow first generation Agaves from seeds in their own greenhouse that are then transferred to their owned fields. They have the Metodo Verde™ Sustainability Program for an eco-friendly production processes, including the use of Solar energy, being animal cruelty free, for crushing the cooked Agave before fermentation. They also collect their own rainwater and have a wastewater treatment plant. The company is certified as clean industry by the Mexican Ministry of Environmental Protection and Kosher certified among other denominations.
