Our Botanic and Nature's Gift collections are handmade, with each piece featuring unique details. Small irregularities are a characteristic of these collections. All are made with natural flowers/botanicals/fruits, meaning that texture and colour can vary per harvest or source. This only adds to the charm of the products and sets them apart from mass produced, machine-made candles and diffusers. All of our wooden wicks are naturally processed and sourced from Forest Stewardship Council (FSC) certified mills and manufactured with pride. Whilst every care has been taken to ensure that the description, sizes and prices are correct at the time of publication, we reserve the right to amend without prior notice. Prices are subject to VAT at the prevailing UK rate. All products are subject to availability. All prices detailed are price per item; pack sizes quoted for information only, unless otherwise stated.
