

hobo + co.

for those who wander + drift

2022 Catalogue

Hobo + co. is an independent home fragrance company based in rural Lincolnshire. Our vegan friendly and cruelty free range of home fragrance products include candles, tealights, wax melts, reed diffusers, room mists and mineral rich bath salts.

Inspired by a free-spirited love for travelling the world with fragrances evoking memories of special places, our products are all hand poured in-house, by us, since 2013.

Our candles use only the finest quality 100% natural soy wax infused with premium fragrance oils as well as our own blends of pure essential oils.

All our products are simple and classic in design to complement any space, making it feel happy, cosy and relaxed.
