About Us

With over 50 combined years experience in creating traditional handcrafted goods, from Tracey's kiltmaking days & Kev's time as a blacksmith and a passion for all things craft, we have developed our own range of uniquely crafted products.

Our first steps began with the design and development of a range of products made using reclaimed Scottish oak whisky barrels.

Taking inspiration from Scotland's heritage we initially created a collection of gifts which bring together our traditional skills and modern technology (That's when the laddie joined us).

As our wee team continues to grow, we're excited to be expanding our offering by launching two whole new ranges in addition to increasing our already popular offering of Lucky Sixpences, Coasters & Clocks. Our workshop is also growing too, we've recently moved to our new location, which is almost 3 time the size! To make space for all the new products we're working on and can't wait to share them with you.

The journey continues...
