OUR PASSION

We are a small team here at Kitchen Provisions, with a real passion for all things foodie and enjoy being hands on with our products and customers. We love to get involved with anything that will create delicious results and this most definitely includes our Gin Etc kits. We're sure you'll enjoy everything we have to offer as much as we do.

THE ORIGINAL AND ARGUABLY THE BEST

We were the first to offer gin making kits and now have nine products in our current range, the tubes and the letterbox kits.

These products are offered exclusively to wholesale customers for retail sales. They combine features of our bestselling online products (blended gin mixes) but in stylish illustrated packaging that is better suited to retail locations.

OUR PRODUCT RANGE

Each one of our kits is presented in beautifully illustrated packaging which befits the quality of the product.

We are pleased to say there is no single use plastic contained in either our kits or their packaging.

Our range now includes:

The Artisan | The Expert | The Hedgerow
The Gentleman | The Love Potion
The Calypso | The Original Letterbox
The Mother's Ruin Letterbox
The Spiced Rum Letterbox

ORDERING YOUR KITS

To order your kits, please contact Lynda at lynda@swashconsulting.co.uk or call 07768 454844.

The tubes are packed in cases of six and the letterbox kits are packed in cases of ten with free delivery for all orders over £300. The minimum order is one case and we are happy to mix and match within a case of tubes or letterbox kits.

As the kits contain no alcohol there is no need for a licence to retail this product.
