PRODUCT CATALOGUE

and a bit about us

For a life with less waste...

www.tabithaeve.co.uk

@tabithaeveco

Hi, I'm Debbie, the founder of Tabitha Eve...

I started the company in 2017, with the aim of reducing plastic pollution by offering reusable alternatives to single-use household items, or those that might otherwise be made of plastic. Starting with reusable, plastic free washing up sponges (None Sponges), the Tabitha Eve range has grown extensively and we now have an amazing team in place producing products and promoting eco-friendly living and the switch to reusables. We offer an array of sustainable alternatives for home, beauty, baby, gifts and more.

I began making reusable sponges, wipes and wax wraps at home in my conservatory around making clothes for my two small children. Friends and family started asking for them and I saw a need within the market, so I started selling online. That was the beginning and I could NEVER have guessed how quickly it would grow. For a few months it was just me sewing in the evenings and my husband Jon packing the orders - until my expanding collection of fabric and products took over our home and he persuaded me to expand to an external studio.

Most of our range is made by hand in our studio in Pontypridd, with my wonderful team of production assistants. All products are ethically sourced and everything is designed to create as little waste as possible - including using the off-cuts from our shower mitts to make our make up rounds!

Thanks for your interest in my brand and for caring enough to try and make a difference. Every order makes me do a happy dance (honestly), and I look forward to working with you!

Debbie

How to order

Create an account on our trade website (www.trade.tabithaeve.co.uk), where you can view all product and wholesale information, including costs, shipping, T&Cs etc. To set you up with an account we will require the following details: Name of Business, Billing & Delivery Address, Contact Name, Telephone & Email, VAT & Company Reg number (if applicable) and, for European customers, an EORI number. You'll find QR codes for our trade website and the "Become a Stockist" form at the back of this booklet.

Minimum Order Quantities

The MOQ for first time orders is 50 units, which can be spread across multiple products. Each product has an individual MOQ of 1 case. Case sizes vary so please view product information for clarification.

Shipping

Shipping in the UK is calculated at a flat rate of £10 up to 12kg. International shipping costs vary from country to country and are also dependent on order size. Please see our trade website for further details.

Lead Time

Most of our orders are dispatched within 3 working days, though larger orders may take longer. Please let us know when ordering if you have a deadline; we will always try our best to help you out! If lead times are longer than expected, you will be informed promptly.

Payment

After an order is placed, a pro-forma invoice will be raised and sent via email. Payment is accepted via bank transfer only in advance of dispatch. We are only able to accept payment in GBP.

Returns

Ordered the wrong thing? Decided it's not for you? No problem! Just ship the items unchanged back to us within 7 days for account credit. Unfortunately we are unable to accept returns on bespoke items and we aren't able to cover return postage.

For returns over 50 units there will be a restocking fee of 10% of the item value.

T&Cs

Full terms and conditions of sale can be found on our trade site. By placing an order you agree that you have read and agree to them.

Placing an order...

Packaging

Orders will be shipped in recyclable and compostable boxes and are sealed with recyclable paper tape. Where possible we also use recycled/reused boxes, too. Your order will include a packing slip.

Our Fabric and Products

We use a lot of different fabrics, it would be impossible to list the details of each here but we're happy to be as transparent as possible! We are far from perfect yet as a company but continue to work towards ensuring each of our fabrics and components are ethically sourced, manufactured in an environmentally friendly way, and organic or, if not certified, organically grown wherever possible.

Our products are designed to minimise waste throughout their production as well as their use. Cut fabric waste is a major problem in the textile industry, which is why all of our products are designed based on fabric widths to ensure as little as possible goes in the bin. We even use the off-cuts from certain products to make others!

We strive to reduce our waste wherever possible and offer our “imperfect products” (that’s those that might be slightly wonky or less “pretty” than we’d like) at a heavy discount in regular clearance sales for consumers. As long as they’re functional, we believe all products made in our studio should be given every opportunity to avoid being thrown away!

Our Studio/Team

Our studio is in Pontypridd. South Wales has a plethora of talented sewists and we’re trying to re-establish it as the place to be for the textile industry, following the mass exodus of fashion and textile brands to cheaper manufacturing hubs abroad.

We provide flexible employment to a host of lovely people from a range of backgrounds and with a range of abilities and disabilities. We are wonderfully diverse and proud of it. We pay our team at least the national living wage and they have the opportunity to share in the profit of the business each year.

Giving Something Back

We support a number of charitable causes and have just launched a range of plastic-free, reusable menstrual pads, the profits of which are shared with peri-natal mental health charity ‘Mothers for Mothers’. These sit alongside our PRIDE themed facial pads for which a proportion of each sale is donated to charities supporting the LGBTQ+ community. We promote other businesses ‘doing their bit’ for the environment via our blog and always look to collaborate with like-minded companies in order to spread the word and share our audiences with those whose values align with our own.

In 2021, rather than using ‘Black Friday’ and ‘Cyber Monday’ to capitalise on sales, we chose to participate in ‘Green Friday’ and donated 15% of the value of the day’s orders to our local food bank.

What we care about...

Size: 11cm x 15cm approx Pack size: Set of 3 or 5

GTIN: See line sheet for different colours

Case Size: 10/15 units

Body Buff

SKU: BUFF

Plastic-free alternative to a disposable exfoliator.
Arrives compressed. When wet, the plant based core magically expands into a squishy, sumptuously soft sponge.
Use in the bath or shower to gently exfoliate the entire body, or alongside a body scrub for a deeper exfoliation.

Made from: Cotton, Linen

Size: 11cm x 15cm approx Pack size: Single Unit

GTIN: 5060674951447

Case Size: 15 units

Bathroom...

Pamper and relax with eco-friendly, reusable self-care items, perfect for a quick shower or long soak.

Soap Saver

SKU: SOAP

Put your soap or soap scraps inside this handy little pouch. The fabric provides a good lather whilst gently exfoliating and a great grip to prevent slipping out of your hands!

Made from: Organic Cotton

Size: 11.5cm x 9cm approx Pack size: Single Unit

GTIN: 5060674950068

Case Size: 20 units

Bath Pouf

SKU: BATHP

The perfect alternative to the plastic pouf! The cotton construction will lather up your chosen soap product beautifully without the guilt of adding to the planet's plastic pollution problem.

Made from: Organic Cotton

Size: 17cm approx Pack size: Single Unit

GTIN: 5060674950020

Case Size: 8 units

Shower Mitt

SKU: MITT

A plastic free, exfoliating shower mitt. The heavy weight woven cotton will lather up your chosen soap product beautifully whilst leaving your skin silky smooth. One side a super soft terry, the other a gently exfoliating waffle.

Made from: Organic Cotton

Size: 22 x 13cm approx Pack size: Single Unit

GTIN: 5060674950075

Case Size: 10 units

Reusable Menstrual Pads

SKU: CSPS- / CSPM- / CSPL- (see line sheet)

A handmade, eco-friendly, plastic-free, reusable menstrual pad to use as an alternative to single use, plastic 'sanitary pads' (here's hoping we hear the end of that term soon!). Available in multiple patterns.

Made from: Bamboo, Organic Cotton

Size: Short (21cm), Midi (22.5cm), Long (25.5cm) approx

Pack size: Single Unit GTIN: See line sheet

Case Size: 10 units

Interlabial Pads

SKU: INTERL3 / INTERL5

Multi purpose. Good for flow direction onto a pad, to prevent chafing or for light incontinence protection. Soft enough to be comfortable and pretty darn absorbent, too!

Made from: Wicking Hemp

Size: 10cm x 7cm approx Pack size: Set of 3 or 5

GTIN: 5060674950433 / 5060674950785

Case Size: 10 units

Personal Wipes

SKU: PERSONALW

These silky soft bamboo wipes replace single use toilet paper. A roll of 10 wipes. Fabulously kind to skin, environmentally friendly and reusable.

Made from: Bamboo

Size: 28cm x 10cm per wipe approx Pack size: 10 wipes

GTIN: 5060674950501

Case Size: 5 units
