MARMALADE
OF LONDON

About Us

Marmalade of London is a home fragrance company that creates a little indulgent luxury for every home. We have a passion for fragrance.

Fragrance is very personal and different scents can remind us of a person, a place or a moment in time, we have created our fragrances to suit different tastes.

All our products are lovingly made in Britain. Our candles contain soy wax and essential oils.

Our bath and body ranges contain lovely natural ingredients including shea butter, vitamin E and aloe vera.

The nearest we get to animal testing is our family black labrador, Pepper, who accompanies us to work and sniffs the occasional candle or reed diffuser. She seems to approve.

Marmalade of London has an amazing team of staff who share our passion. We hope you enjoy them as much as we enjoyed making them for you.

Many thanks

Piers, Helen, Pepper (the labrador) and the rest of the fabulous team at Marmalade of London.
