

June

June

June is a stylish model that can be adapted to your habits. For example, you can place the sofa's movable back cushion in different ways to create a deeper sofa, with added back support or a sofa with added support for your shoulders and neck. This change can easily be performed by moving the back cushion to its lower or higher position, respectively. Standing on exclusive and elegant legs, June comes in a wide range of modules to create the combination that genuinely suits your home.

Modules

3-seater
224 x 104 x 86
