## OUR VISION IS TO CREATE EXPANSIVE SPACES

"Commerce Corp" is a company that initiated its activities in 2011. From its inception, the company's ambition has been to gain substantial presence in the market, addressing the gaps that have existed in the Albanian market in terms of service, quality, and price. As a result, the company's objective was achieved in the first months of starting its operations. The experience we have cultivated is available to the goal of continuous development and principled reassessment.

The company's philosophy revolves around continuous improvement in all sectors. Our spirit and vision have been to be pragmatic in the framework of development and practicality in relation to our partners and communicative aspects. The core principle in the company, in all dimensions, lies in continuity and strengthening relationships with our customers and collaborators.

The Company comprises some of the most robust brands in the Albanian market and beyond. Among others, the company includes SHOPTV, BIOTE, BLUE LUNA, WOODY, all brands that lead in their fields, fulfilling the gaps in the market such as quality, service, and price.

## A Touch of Excellence and Certified Assurance

At the core of our commitment to high quality and elevated standards is the assurance that all our products are certified. Each item adheres to the highest standards and is certified according to Western norms to ensure the best quality and safety for our consumers.

We continually invest in science and technology to maintain high quality and ensure that every product complies with the latest standards. This dedication to quality is underscored by our independent certifications, which encompass various Western standards and guarantee that our customers receive the best products on the market.

Our productions originate from Europe, once again emphasizing our commitment to high manufacturing standards and quality. This ensures that every item coming from our factory is carefully and responsibly produced, following all required guidelines and standards to guarantee unquestionable quality.
