

WHY GLOBAL BRANDS **RELY ON** DispatchTrack

"Furniture Village strives to make its name synonymous with "quality" all across the UK. DispatchTrack helps us extend that promise into the delivery experience—and beyond—by empowering us to optimise routes, communicate with customers, and boost visibility."

Dave Ayers
Operations Director

"DispatchTrack has revolutionised our delivery experience, reduced costs and made us more sustainable by reducing the amount of miles and fuel we use."

Graeme Wilson
Managing Director

BERRY BROS & RUDD

WINE & SPIRIT MERCHANTS

"We have upgraded visibility and control over our last mile that is enabling us to deliver the superior service our customers deserve. Since implementation almost all our metrics have improved!"

Ryan Howe
Head of Supply Chain & Development

ABOUT **DISPATCHTRACK**

DispatchTrack is the leading solution provider of last mile delivery management software, helping top brands around the globe power successful **deliveries 1 million times a day.**

DispatchTrack

Global Leader in **DELIVERY** Management Software

When top businesses make promises to their customers—DispatchTrack makes sure **they deliver**

Boost Predictability

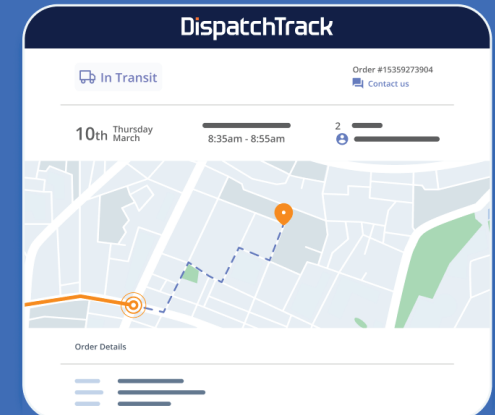

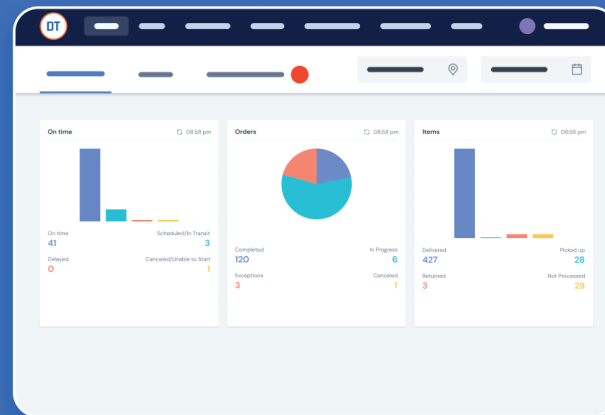

Our AI-powered routing engine ensures that you **meet delivery ETAs 98% of the time**. This helps even the most complex delivery operations run smoothly and predictably.

Gain Visibility

From our real-time visibility dashboard, you can **see the status of every truck and every delivery at a single glance**—so you can be proactive, not reactive, when managing deliveries.

Deliver Delight

Our automated customer notifications and live ETAs aren't just about cutting down phone time—they're about **creating "wow" moments for end customers** that will keep them coming back.
