Celebrity
British Craftsmanship

Discover relaxation

Celebrity have over 40 years experience creating quality upholstered furniture and are one of the UK's leading manufacturers of rising/reclining chairs. Every piece of upholstery is specifically designed for comfort and is made using the traditional skills of local craftsmen in our 108,000 square foot factory in Nottinghamshire.

Celebrity recliners can adjust to an almost infinite variety of positions and riser recliners can raise the user effortlessly to their feet, all at the touch of a button. Total recliner comfort is guaranteed, with the choice of up to 4 recliner sizes to allow a perfect sitting position. Each Celebrity collection is available with matching fixed chairs and in most cases, all-action settees, all designed to create the perfect suite.

There are over 100 Celebrity swatch fabrics and 30 leathers to select from, including the popular Celebrity Aquaclean range and Performance Plus.

Made in  with our 5 YEARS
the UK **GUARANTEE**

Tested and Recognised

Celebrity Riser Recliners are **FIRA** tested and meet the British Standard BS EN 8474:2013—the performance standard for rising/ reclining chairs. This internationally recognised Standard tests and specifies the safety, strength, stability and durability of the chairs’ structure. The certification applies to both Single and Dual Motor Riser Recliners up to a weight limit of 160kg/25 stone. This FIRA certification is further validation of Celebrity’s product quality and safety.

Safety First Features

At Celebrity safety is always a priority. Powered models* have an emergency battery backup. This will enable one use to return the chair to the desired position in the event of a power cut. Batteries should be replaced after one use or every 12 months. To prevent the unauthorised use of your powered recliner* all Celebrity handsets are detachable making the chair inoperable. In addition, to reduce the risk of accidental entrapment, all Celebrity recliners are fitted with a spring loaded footrest.

*excludes models fitted with an In-chair rechargeable battery and recliners fitted with a power button.

5 year guarantee

At Celebrity we are so confident that we have selected the best components to use in our recliners we offer a 5 year guarantee on all products at no extra cost. This guarantee covers the frame, action and motor components including motor, control box, transformer and handset supply leads (excludes accidental damage or mis-use). All other parts carry a full 12 month guarantee against faulty workmanship. For full T&C’s please see the Celebrity website or contact us direct.

DUAL MOTOR MOVEMENT

CLOUD ZERO MOVEMENT

The Cloud Zero lift and tilt design offers next-level comfort shaped around the needs of every individual.

Highly versatile and capable of offering almost infinite seating positions, allowing individual seat tilt adjustment with the independent seat tilt motor.

This advanced rise and recliner helps users achieve greater tilt for ultimate relaxation. Along with the ability to increase your seat height to best suit your required position. Then, when ready to find your feet again, the chair's smooth action will help to return users safely to standing with ease.

This robust and versatile design also offers 20% more lifting capacity (up to 30 stone) and, of course, our 5-year guarantee for added peace of mind.

Choose your action

Manual Recliner

Manual Latch

Manual Handle

All manual recliners are available with either a latch or handle option. Release the latch for the footrest to rise then push gently on the arms and move your back in to the chair to recline the chair back. To return the chair to the seated position sit upright and push the footrest down until it clicks in to position. We recommend that users with limited lower leg strength select from our powered recliner range.

Powered Non Riser Recliner

Power Button

Fitted on powered non riser recliners

All Power button and Handset models have a USB charging point: 5.0 V  1.0 A.

Powered Riser Recliner

Handset

Fitted as standard on all powered riser recliner models

Celebrity handsets have a handy reset button that will bring the chair back to the seated position.

Single Motor Recliner

Within the Single Motor action the footrest raises to its top level, the chair back will then start to recline.

Dual Motor Recliner

The Dual Motor Recliner action allows the footrest and the chair back to be operated independently to create your perfect sitting position.

Sandhurst Legged Recliner chairs are available either as a Manual Recliner (push on chair arms to recline) or powered Single Motor Recliner (Power Button operated only).

Single Motor Riser Recliner*

The Single Motor action allows the footrest to raise to its top level, the chair back will then start to recline. The rising action will lift the chair to enable the user to exit or access the chair with ease.

Dual Motor Riser Recliner*

The Dual Motor action allows the footrest and the chair back to be operated independently to create your perfect sitting position. The rising action will lift the chair to enable the user to exit or access the chair with ease.

Cloud Zero Riser Recliner*

The Cloud Zero 3 motor Rise and Recliner action in addition to the Dual Motor Riser Recliner movements, allows individual seat tilt adjustment, offering almost infinite seating positions for the ultimate in relaxation. When raised, the tilt motor relieves all the pressure on the user's legs and allows them to stand with ease.

* All Celebrity Single Motor, Dual Motor and Cloud Zero Riser Recliners qualify for Zero VAT rated where appropriate. Please ask your Celebrity retailer or refer to the government website for more details.

Enhanced by Mammoth® 

Mammoth's naturally cooling Medical Grade™ foam is proven to relieve pressure, deliver postural support and regulate temperature. That means greater comfort, fewer aches and pains, and faster recovery.

There's no other seating technology available in the consumer market that supports recovery, rehabilitation and relaxation in this way.

Mammoth's Pedigree

Health award winners

Our technologies originate from UK healthcare and have been highly commended for pressure relief and postural support.
