ABOUT REINFORCED BEDS

We are a family run UK online retailer based in West Norfolk, working under Bedcare Ltd. We originally established in 2007 trading under the name of Holbeach Beds. However, in 2011 we set up The Reinforced Bed Company, where we took it upon ourselves to retail a bed that was not only appealing to the eye but also suitable for heavy duty use. We recognised that there was a gap in the market for heavy duty, stylish and durable beds and furniture; suitable for both residential and commercial use.

The products featured in this brochure have been carefully selected to showcase the best products in our arsenal. All products featured are kept in stock in our warehouse so that we are able to offer trade customers an express delivery service on all items. We also have capacity for container drops too!
