Products

# TESTING CENTER

## Superior Quality & Comprehensive Testing Authorized Certification

JIECANG testing center has EMC, safety, and measurement labs with advanced testing equipment. All products have been strictly tested for quality.

The Lab follows the ISO/IEC 17025 standard management system, certified by CNAS(China National Accreditation Service for Conformity Assessment). It's also a "witness testing lab" of TÜV Rheinland, TÜV SÜD, UL and SGS.

"Witness Testing Lab" means the physical resources, equipment, personnel, and procedures of JC's lab are equivalent to these third-party labs. They recognize our test data under witnessing.

Certification duration is shorter if testing is done at JIECANG's lab.

CNAS

SGS

TÜV Rheinland

TÜV SÜD

ITS-CTF2

# DIGITAL INTELLIGENT MANUFACTURING

Industry leader in intelligent manufacturing:  
Automation + Information +  
Network + Digital

JIECANG has hundreds of advanced equipment and automated production lines, allowing for large-scale production and flexible customization. This enables us to quickly deliver bulk orders to domestic and foreign customers.

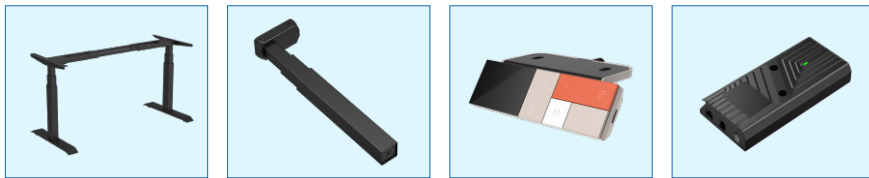

# HIGH QUALITY MATERIALS

JIECANG has established long-term partnerships with reputable companies worldwide to source high-quality materials and improve industry standards.

	Color powder	
Chips		Sensors
	Plastic original material	
Cold-rolled steel		

# INTELLIGENT & HEALTHY STANDING DESK SOLUTION

# BE AGILE. BE READY. AGILE SPACE

## Height Adjustable System Solution Merge With Living Office Design

JIECANG's height-adjustable system solutions adapt to your workstyle, whether you're focused in your own space, collaborating with colleagues, or connecting virtually. Create a diverse and healthy work environment that inspires creativity.

Exclusive Customization

One-To-One

## Frame

- SPCC carbon steel desk frame
- Double beam design

## Accessories

Control System

## Control Box

- IoT Smart Standing Desk System Scalable Ecosystem
- AI BOOKING Workstation Reservation System
- AI DESK Control System
- AI WORKING Desk Control Software

## Handset

## Lifting Columns

- Lifting Columns Bring Possibilities Of Innovation For Furniture.
- Multiple Choices, Customized As You Want.
- High level of customization
- Outstanding design
- Quiet operation
- Customized colors & tube
