WELCOME TO MATAHARI INTERIORS

Crafted with Passion. Designed for Living.

At Matahari Interiors, we are a family-run business devoted to timeless craftsmanship, premium materials, and the art of creating beautiful, inspiring homes.

With roots in both **Kuala Lumpur, Malaysia** and **Cheshire, UK**, we bridge cultures and continents to bring you a handpicked collection of luxury furnishings. Our direct relationships with independent manufacturers across the Far East allow us to offer exquisite, high-quality pieces—designed to be both **functional and accessible**.

We work closely with skilled artisans who uphold our commitment to exceptional quality and sustainable practices. Every item we offer is crafted to elevate your space—with **style, warmth, and longevity**.

The name Matahari, meaning “**Sun**” in Malay, reflects our vision: to bring **light, warmth, and colour** into homes across the UK.

SUSTAINABILITY

At **Matahari Interiors**, sustainability is not just a trend—it's a commitment. As a young and growing business in the furniture e-commerce space, our journey toward full **end-to-end sustainability and net-zero practices** is just beginning, but our vision is clear and ambitious.

We're taking our first steps by partnering with suppliers and distribution networks that share our **sustainable mindset**, prioritizing responsible sourcing, ethical production, and minimal environmental impact. Looking ahead, we are working toward obtaining **formal sustainability certifications** to ensure transparency and accountability as we grow.

This is a long-term mission we are deeply invested in—because we believe that building a beautiful home should never come at the expense of the planet.

What is rubberwood?

Rubberwood, also known as Malaysian Oak, is a light coloured, medium-density tropical hardwood obtained from the Pará rubber tree (*Hevea brasiliensis*). Sourced from trees grown in Malaysian rubber plantations, our Rubberwood is fully renewable as it does not impact natural forests and makes use of plantation trees that have already served a useful function.

With a light natural finish and straight grain, Rubberwood is commonly used for manufacturing high-quality but affordable eco-friendly contemporary furniture.

OUR PROMISE

Style with Integrity. Quality with Purpose.

At Matahari Interiors, we believe that beautiful furniture should not only elevate your home—but also reflect values you can be proud of. That's why we're excited to introduce our latest collection, crafted in partnership with an FSC®-certified supplier, ensuring all wood is sourced from responsibly managed forests.

Why Choose FSC®-Certified Furniture?

- **Sustainable Forestry**

Safeguarding forests for future generations through responsible harvesting.

- **Ethical Sourcing**

Supporting fair wages, safe working conditions, and responsible supply chains.

- **Eco-Friendly Living**

Reducing deforestation and environmental impact, one piece at a time.

Built to Last – 12-Month Warranty

We stand confidently behind the quality of our craftsmanship. Every item in our collection is backed by a 12-month warranty, giving you peace of mind with every purchase.

Safe, Secure Delivery – ISTA 1A Packaging Standard

Your furniture deserves to arrive in perfect condition. That's why we use ISTA 1A-certified packaging—an industry benchmark that protects against drops, vibrations, and handling during transit. You get premium quality, from our workshop to your doorstep.

“At Matahari Interiors, we blend **sustainability**, **craftsmanship**, and **durability**—because great furniture should feel good in every sense.”
